NEW YORK MARCHERS walk up a hill in the Bronx in a Sunday demonstration timed to coincide with the march in Mississippi begun by James Meredith before he was shot and which is now being continued by civil rights leaders. (UPI Telephoto)

Negroes Stir Voter Signup Along March

Procession Heads Down Mississippi Road For Jackson

ENID, Miss. (AP) — Teams of Negroes fan out from the Meredith march into cotton plantations today to push voter registration among Negro workers in the fields.

"I'm sure we will meet with some opposition in view of the publicity on the Meredith march," said Charles Horwitz, a white staff worker for the Mississippi Freedom Democratic party. "But we will go anyway."

He said he expects opposition to be minor.

The main body of marchers will be on U.S. 51 again with a goal of making 20 miles to Grenada by nightfall, the largest jump to date.

March leaders are facing increasing difficulty in getting campsites. At Grenada, homes of Negroes will be open to the procession.

To cut the distance from the Enid campsite where the marchers stayed in two tents Sunday night — and to give veteran hikers a rest — a group of newcomers walked six miles Sunday to near Oakland and were returned to Enid by trucks. Today's march began where the vanguard left off.

Dr. Martin Luther King Jr., who rejoined the procession briefly, said they should be in Jackson — the state capital and their goal — by June 26. Their number "will rival the Alabama pilgrimage from Selma to Montgomery last year," King predicted. The Selma march climaxed with 25,000 pouring into Montgomery.

After walking for a few hours, King went by car to Marks for the funeral of Armistead Phipps, who died on the march Thursday of a heart attack.

Civil rights groups around the country held meetings and symbolic marches Sunday in support of the Meredith march and to commemorate the third anniversary of the death of Medgar Evers. Evers, a state official of the National Association for the Advancement of Colored People, was shot by a sniper in the driveway of his home in Jackson.

The demonstrations generally were small, quiet, and without incidents.

Beaver County Crash Kills Motorcyclist, 23

An Economy Borough man became Beaver County's 23rd traffic fatality of 1966 Sunday evening when his motorcycle sped out of control and hit a utility pole on Route 989 in Economy.

Richard C. Markovich, 23, died of multiple head injuries at Rochester General Hospital shortly after the mishap. Markovich was traveling north on Route 989 when his cycle went out of control and crashed into the pole. County Coroner Dr. John Colavincenzo said Markovich died of multiple skull fractures.

Officer Shoots Youth

Chicago Jails 30 After Street Riots

CHICAGO (AP)—Violent street fighting erupted in a predominantly Puerto Rican neighborhood on Chicago's North Side Sunday night after a policeman shot a Puerto Rican youth he said had threatened him with a gun.

The surging, rock-throwing mobs numbered more than 1,000, police said.

The rioters tipped a police car on its side and burned it. Another squad car was heavily damaged. Windshields of many more were broken by rocks and hurled pop bottles. Fire was started in another police car, but quickly extinguished.

By midnight at least two dozen persons had been injured and more than 30 jailed.

Police were pelted with rocks, bottles and debris as they tried to disperse the crowds in a 10-square-block area.

Sporadic gunfire could be heard and looting was reported in several shops.

Patrolman Thomas Munyon, 25, the officer who shot the youth, described the incident:

"My partner and I went into this alley to break up a fight. . . This guy started to pull a gun from under his shirt and I shot him. There were about 10 or 15 persons in the alley. . . so my partner and I put the wounded man into a car and got out of there."

The wounded man was identified as Cruz Arcelis, 20.

Munyon, married and the father of two, said he fired four times and didn't know how many shots hit Arcelis.

After the incident aroused crowds poured into the streets and police canine squads were sent into the area.

Too Busy In Viet Nam

Li. 'POB' Won't Attend Luci Johnson's Wedding

DA NANG, South Viet Nam (AP)—Around Hill 22 the other officers sometimes jokingly call him "POB."

"That's 'Pat's Older Brother,'" Marine Lt. Gerard Nugent, 24.

Pat is Pat Nugent, who will marry President Johnson's daughter, Luci, in Washington, Aug. 6.

"The only way it affects me," said Gerard Nugent, "is that I get razzed a lot by other officers around here. Capt. Gomez of Gulf Company, a real good friend—he started this 'POB' stuff. They keep asking me when I'm going home for the wedding. I don't really mind it."

Actually, he won't be home for the wedding. He won't finish his tour here until September. If he were home, he would be the best man.

Under arrangements announced by the White House April 30, the Nugents' father, investment counselor Jerry P. Nugent, will be proxy best man for the lieutenant.

Gerard Nugent is a platoon leader and his unit, the 3rd Platoon of Echo Company, 2nd Battalion, 3rd Marine Regiment,

A police dog bit Juan Melan, 20, and the crowd shouted disapproval. Melan was hoisted to the shoulders of friends and displayed to the crowd, then taken to a nearby hospital.

The crowd moved one block south to the corner of Damen and Division. Rocks and bottles began to fall near policemen directing traffic away from the area.

Spanish-speaking police, youth workers and Catholic priests used bullhorns to plead with the crowds to leave. They were ignored or shouted down.

A rock smashed a squad car windshield and a mass of screaming youths moved toward two empty police cars. They smashed windows and tore the hood off one, then moved to the other chanting.

The car was rocked back and forth, then turned on its side. Almost immediately flames shot from the gas tank. A column of black, greasy smoke rose high above the street.

Firemen, arriving to fight the flames, were pelted with stones as they wrestled with hoses among the crowds.

Police moved back into the area and charged the crowds. A woman and her 3-year-old child were knocked down and bruised in the melee.

Police vans, loaded with officers armed with drawn guns and heavy wooden nightsticks, ranged up and down dimly-lit side streets in an attempt to keep order as incidents erupted one by one. There seemed to be no leadership in the crowds.

Several persons in the crowd waved Puerto Rican flags. Fire crackers and cherry bombs exploded.

Trial Delayed For Nation's KKK Leader

Congress Charges Wizard Shelton In Contempt Violation

WASHINGTON (AP) — A federal judge delayed today the contempt of Congress trial of Ku Klux Klan leader Robert M. Shelton until Sept. 12.

Chief Justice Matthew McGuire of the U.S. District Court ordered the delay after Shelton's attorney, Lester V. Chalmers Jr., said it would take one to two weeks to try the case.

The government had estimated earlier the trial would last only one day.

Shelton, named by the House Committee on Un-American Activities as imperial wizard of the United Klans of America, would not speak to newsmen.

If convicted, he faces a fine of between \$100 and \$1,000 and a prison sentence of from one month to one year.

The Shelton trial is expected to serve as a test case for the trial of six other Klan leaders scheduled this fall. All were cited by the committee on Feb. 2 and indicted a day later.

The contempt charges were brought on grounds the Klan officials refused to supply records and other documents to the Un-American Activities Committee during its four-month look last fall and winter into the Klan's secrets.

Shelton appeared before the Klan investigation subcommittee last Oct. 19 and 20. After he gave his name and place and year of birth—Tuscaloosa, Ala., June 1929—and said he had received a committee subpoena to testify Oct. 11, he refused about 100 times to answer questions.

In addition to questions relating to production of personal and organizational records and tax returns, as demanded in the committee's subpoena dated Oct. 7, Shelton refused to give details of Klan activities.

He cited four constitutional amendments and argued that the investigation went beyond the scope authorized by the House and was not intended for any valid legislative purpose.

The committee chairman, Rep. Edwin E. Willis, D-La., repeatedly warned Shelton he faced contempt action if he refused to answer. At the end of the second session, he again asked Shelton to produce the records. Shelton again refused.

Light Showers Seen Tonight And Tuesday

Scattered light showers are expected in the tri-state district tonight and Tuesday, bringing slightly cooler temperatures, the Ohio weatherman said.

Today's high will be in the 80's. Tonight will be cloudy and warm with scattered showers. The rain will continue at times after midnight, but should end Tuesday, the forecaster said. Tuesday will be partly cloudy and cooler.

Near-perfect weather marked the weekend — a factor that helped crowd district parks and pools. The mercury hit 51 at 5 a. m. today in downtown East Liverpool. It was 48 at the same time in the suburbs.

India Fears 100 Dead In Train Crash

Reports Indicate Worst Rail Mishap In Nation's History

BOMBAY (AP) — At least 100 Indians were feared killed today and 120 injured when two suburban trains jammed with commuters crashed together in a Bombay suburb.

Five hours after the early morning collision, railway officials announced 52 bodies had been counted and there were 106 injured so far.

Traffic on the city's railways, which carry two million persons daily, was disrupted while doctors, firemen and police struggled through the wreckage to rescue trapped commuters. Each train reportedly carried more than 1,500 passengers.

Firemen used blowtorches to cut their way into twisted aluminum coaches in which men, women and schoolchildren were trapped.

The accident was thought to be the worst in western India's rail history. It occurred near a grade crossing north of Matunga Station, nine miles from Victoria Station in downtown Bombay.

The collision occurred at the 7 a.m. rush hour. One train bound from Victoria to Thana Junction, 20 miles to the north, was being switched to another track. The other train was en route to the central terminal.

The impact sent the first three cars of one train off the tracks.

Service on the central railway was stopped at once, halting movement to Madras, Calcutta and New Delhi.

Thin 'Mr. K' Casts Vote In Red Election

By FRED COLEMAN

MOSCOW (AP)—Two fallen leaders—Nikita Khrushchev and V.M. Molotov—were among the voters Sunday as the usual big turnout elected the unopposed candidates for the Soviet Parliament.

Khrushchev, 72, thinner and more subdued than in his last public appearance 15 months ago, smiled as he cast his ballot for the man who replaced him as premier, Alexei N. Kosygin. "Yes, I've been ill," Khrushchev told newsmen, "but everyone gets ill now and then." The former premier and Communist party chief was hospitalized last summer for kidney trouble.

Khrushchev's appearance at a Moscow polling booth was clearly arranged by Communist officials to show the world that he is alive and healthy — unlike the victims of Stalin's purges.

Molotov, 76, former premier and foreign minister under Stalin, also surfaced from obscurity to vote at another Moscow polling station.

China Executes Youth For Assault Incident

TOKYO (AP) — A Communist Chinese firing squad today executed a "counterrevolutionary" youth immediately after he was convicted of injuring two "friendly foreigners," the official New China News Agency announced.

The broadcast said Yang Kuoching, 20, broke into a Peking store last April 29 and used a kitchen knife to wound journalist Bakari Traore from Mali and the wife of Bruno Mahlow, first secretary of the East German Embassy.

Buddhists Stage New Viet Rioting, Monks Arrested

SAIGON (AP) — Buddhist-inspired demonstrations swept the streets of Saigon anew today, ending two weeks of comparative peace in the riot-weary capital of South Viet Nam.

Steel-helmeted riot police deployed around the U.S. Embassy as crowds of demonstrators led by robed monks and nuns converged on the city's center.

A score of monks were arrested at the central market, and crowds fled before clouds of tear gas fired from grenade launchers.

As usual, the demonstrators marched out of the Buddhist Institute some two miles from the heart of the city. The institute has been the nerve center of all Buddhist agitation in Saigon.

Riot police charged the crowd there, herding the monks into police vans. Youths were taken to police stations and police said they would be sent for induction into the army.

In scattered parts of the city police removed outside Buddhist family altars, put out in an emotional gesture of antigovernment protest.

A U.S. Navy pilot destroyed the 13th Communist MIG of the

war in an air battle between the key North Vietnamese cities of Hanoi and Haiphong Sunday and narrowly missed getting a second. But two U.S. planes were lost in new air attacks against the Communist north today.

Cmdr. Hal L. Marr, 40, of Roseburg, Ore., scored the hit on the MIG with his second heat-seeking Sidewinder in a numerically equal dogfight between four FS Crusader jets from the carrier Hancock and four Soviet-designed MIGs.

A U.S. spokesman said the encounter occurred 31 miles northwest of Haiphong, North Viet Nam's main port, and 35 miles northeast of Hanoi, the capital.

A twin-jet U.S. Air Force B57 Canberra fighter-bomber vanished with its two crewmen east of the Mu Gia Pass today, while an Air Force F4C Phantom jet was shot down by ground fire northwest of coastal Dong Hoi City. Parachutes were seen but the two were listed as missing.

They were the 261st and 262nd American planes reported lost over the Communist north.

New Cumberland Plumbing, Heating Firm Hit In Blaze

NEW CUMBERLAND — Damage was estimated at \$50,000 after a two-alarm fire swept the NC & W Plumbing & Heating Co. in the 700 block of Ridge Ave. about 1 a. m. today. One fireman was injured slightly.

The spectacular blaze drew scores of residents into the streets, many in their nightclothes, as flames shooting out of the upstairs apartments threatened the neighboring home of Jake Morgan.

Units of the New Cumberland and Weirton Heights volunteer fire departments responded to the call, placed by Robert Fryer of Steubenville.

John McSwegin, a member of the New Cumberland department, received a burned hand in fighting the fire. A second-story resident, Mrs. Mary Fisher, escaped the holocaust.

Arthur W. McCullough, assistant New Cumberland chief, said the fire finally was extinguished about 6 a.m. He termed the structure a total loss.

Flames also damaged telephone lines and utility poles, causing a power loss which left more than 200 New Cumberland phones out of operation.

Repair crews of the Chesapeake and Potomac Telephone Co. were at the scene this morning.

No cause has been established for the fire.

The wooden building, former site of Buck's Confectionary, is owned by Albert Steele of New Cumberland Heights.

Chester Fire Quelled In House On Ferry Rd.

Chester volunteer firemen were summoned Sunday afternoon to extinguish a fire in a vacant two-story frame house on Ferry Rd. near the boat marina below the Chester bridge.

The owner of the dwelling was not immediately identified, but is believed to be a resident of the Beechbottom area.

The firemen managed to save the outer part of the structure, but the inside was virtually ruined.

The department, notified by a nearby woman resident about 4:30, was on the scene nearly two hours.

No damage estimate has been announced. The cause has not been determined.

Reports Say Swedes Deny Guns To U.S.

STOCKHOLM, Sweden (AP)—Munitions trade sources say the Swedish government has turned down repeated United States requests to buy Swedish arms and ammunition for the use of American forces in Viet Nam.

Harvard Prof. John Galbraith, former U.S. ambassador to India, said Sunday in Providence, R.I.:

"Sweden . . . has thought so little of our (Viet Nam) policy that she has imposed an arms embargo—a quarantine—upon us."

There has been no official confirmation of the reports in Washington or Stockholm.

Swedish Trade Minister Gunnar Lange said May 25 his department had not turned down any U.S. request to buy arms.

The Pentagon also said it "does not at present purchase or intend to purchase arms or ammunition from Sweden."

Courage Cited

General Salutes Paratroopers

DAK TO, South Viet Nam (AP) — "You have shown stamina, courage and just plain guts," Gen. William C. Westmoreland told the battle-weary paratroopers. "For every casualty you suffered you inflicted more than 10 on the enemy."

As the commander of U.S. forces in Viet Nam pinned a Silver Star Sunday on West Point's "lonesome end," Capt. William C. Carpenter, a battery of 155mm howitzers opened up on the Communists in the hills.

In five days of fighting in the treacherous, sweltering jungles of South Viet Nam's central highlands, the men of the U.S. 101st Airborne Division's 1st Brigade took all the Communists could give and gave back more and better.

Westmoreland pinned the Silver Star on Carpenter.

Westmoreland came into the hill country Sunday, as the fighting continued against the entrenched North Vietnamese, to pay tribute to the "Screaming Eagles" of the 101st.

Speaking to the troops as they rested on jeeps, ammunition boxes or other makeshift platforms, Westmoreland told them:

"This is difficult warfare here in Viet Nam. We must master it and prove to the enemy that he is second rate. You have done just that."

The men roared their motto "Always the Best." Westmoreland shouted back: "You took the words right out of my mouth."

90,000 Members Seen

Huge Rail Union Backed By 3 Top Labor Leaders

CLEVELAND, Ohio (AP) — Top leaders of three rail labor unions have announced that they will ask their members to approve a merger into one union with some 90,000 members.

The announcement came Sunday from George H. Harris, president of the Order of Railroad Conductors and Brakemen (ORCB&B); H.E. Gilbert, president of the Brotherhood of Locomotive Firemen and Enginemen (BLF&E), and Neil P. Speirs, president of the Switchmen's Union of North America (SUNA).

The plan will now be presented to the authoritative bodies of the three organizations for consideration and implementation," the statement said. The unions have seen railroad employment dwindle steadily for several years. Gilbert

told a Senate committee earlier this year that 18,000 of the 34,000 firemen in the industry have lost their jobs as a result of a decision by an arbitration board which had been established under the compulsory arbitration bill passed by Congress in 1963. Not joining the merger are the Brotherhood of Railroad Trainmen, which represents more than 90,000 crew members in the United States, and the Brotherhood of Locomotive Engineers, which claims 40,000 members.

There is a bitter rivalry between the BLE and BLF&E, and the BRT competes with the other two unions for membership among train crews.

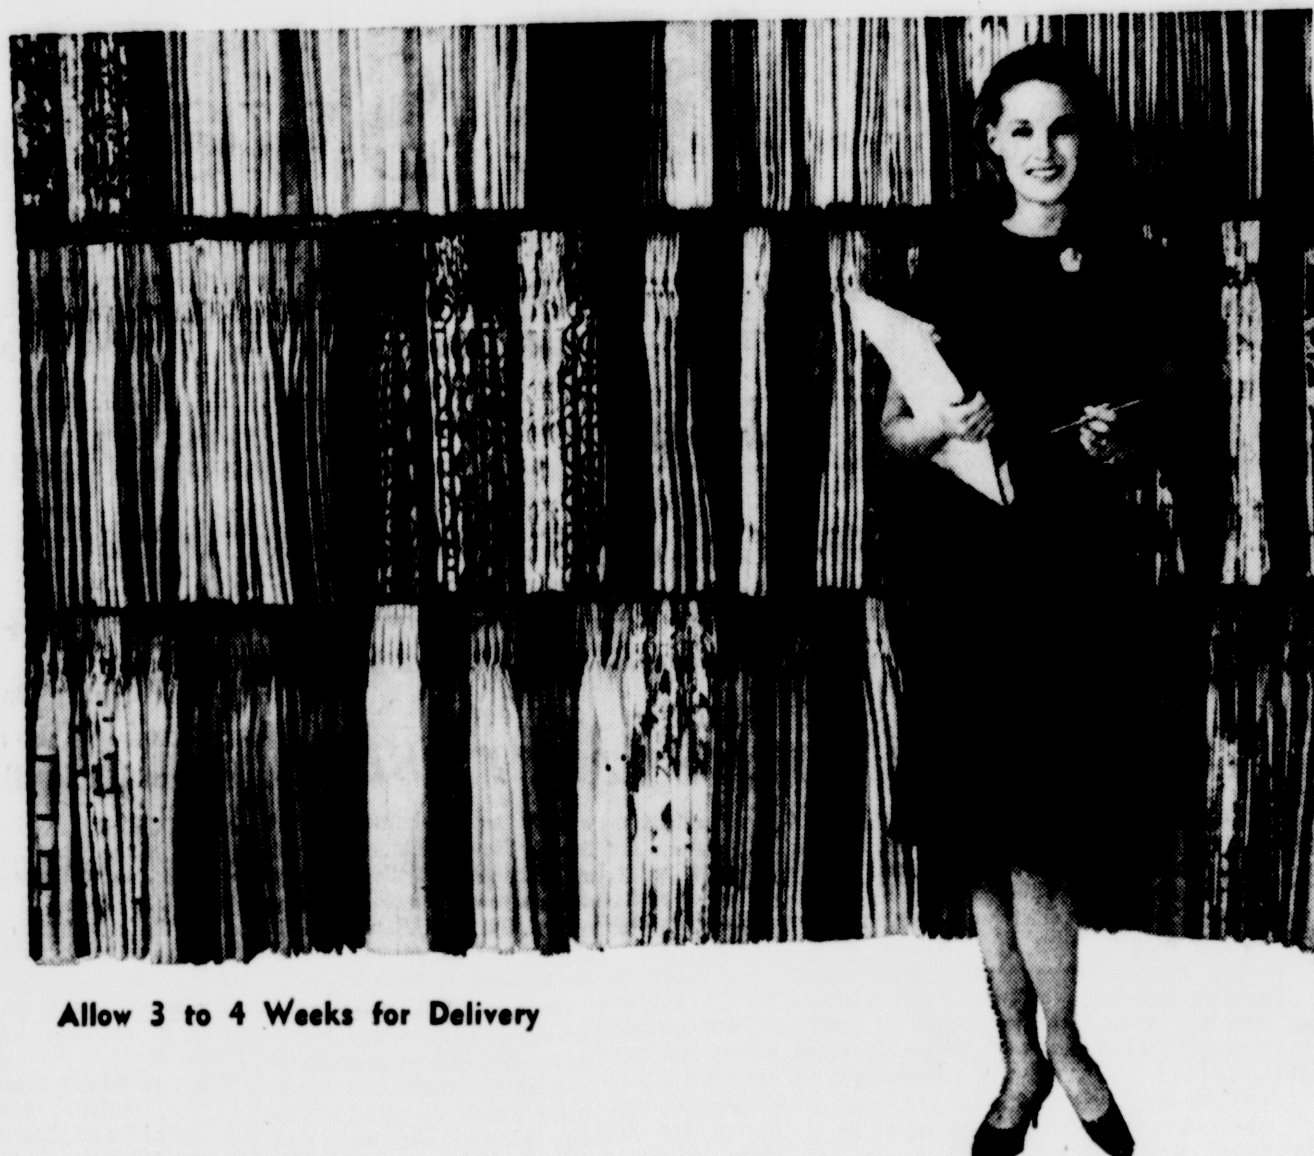

The conductors will be the first to consider the merger at their convention June 20 in Cedar Rapids, Iowa.

TruCraft

CUSTOM MADE DRAPERIES

20% OFF June 13th to July 9th

Allow 3 to 4 Weeks for Delivery

Through modern drapery-making methods, TruCraft can produce custom draperies for as little as you would expect to pay for the fabric alone. For example, you can have a TruCraft Custom Drapery on a 48" by 63" window for less than \$10.00.

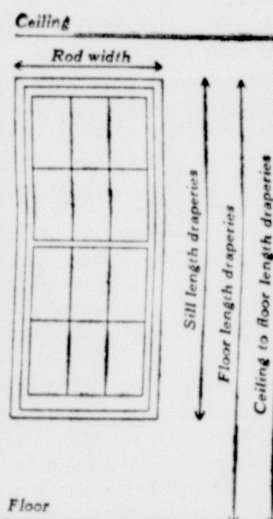

Write your window measurements on the chart and bring it with you to the store. Then choose the fabrics you want from the wide selection on the TruCraft wall display. Within three weeks, you receive perfectly fitting custom draperies ready to hang.

Dozens of different fabrics

A surprisingly low price is only part of the TruCraft story. You pick from 30 styles, 200 colors, and a variety of patterns. Choose from Fiberglas® fabrics, antique satins, prints and solids, 100% Dacron® sheers.

How to measure:

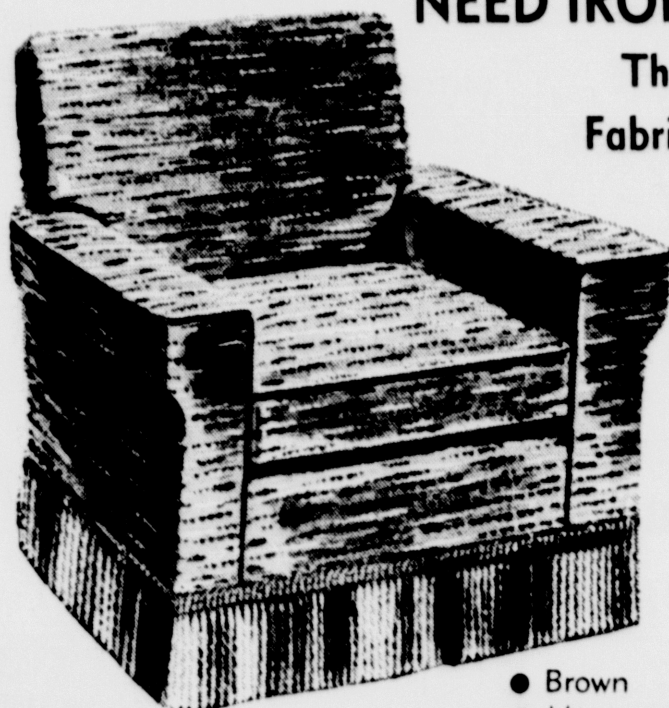

You only need to make two measurements for each drapery you order—width and length. The width of the drapery rod (place it at least 3" above the window) will be the width of your drapery. Measure the length from the top of the rod to the length you desire. Space is also provided below to note room colors, which need to be considered in selecting draperies.

Tru Craft gives you all the details that say custom-made. You get 4-inch headings, blind stitched double bottom hems, weighted corners and your choice of linings.

Painter Wounds Wife, Shoots Self To Death

CLEVELAND (AP)—A Cleveland painter apparently shot and wounded his wife of 36 years and then shot and killed

himself with a .38 caliber pistol Sunday, police said. The victim, John Lilly, 49, was found dead at his home. His wife, Irene, 53, was taken to Lutheran Hospital with a bullet wound of her shoulder.

Ohio Eyes Action On Pollution Of State Waterways

COLUMBUS, Ohio (AP)—State officials will take their first step Tuesday toward setting quality standards for Ohio's interstate waterways.

As they do, other state officials will be considering creation of a central agency to battle water pollution in Ohio. Ohio Department of Health officials say their engineering division will propose water quality standards for Lake Erie, the Maumee, St. Marys, Wabash, St. Joseph, Miami and Mahoning rivers, the Yankee and Little Beaver creeks.

The standards, required under the Federal Water Quality Act of 1965, are expected to be similar to criteria set last month by the eight-state Ohio River Valley Water Sanitation Commission.

Meanwhile, the Ohio Water Pollution Control Board is to launch a study of state water management needs. At the request of Gov. James A. Rhodes, they are considering administrative changes which might include establishment of a central water pollution agency to take over responsibilities now shared by the water commission, the Ohio Water Pollution Control Board and the Ohio Department of Health. The plan has been suggested by critics impatient with anti-pollution enforcement activities.

Other matters to be considered by the water commission, which meets June 21, include long-range availability of water supplies, effects of pollution, water standards for lakes and streams and availability of federal, state and local funds to combat pollution.

2 Men Held In Killing Of Cleveland Girl, 19

CLEVELAND (AP)—A secretary for the New York Central System in Cleveland was beaten and apparently strangled Sunday. Police were holding two student from Cleveland Heights, a friend of the victim.

The body of the victim, Louise Manak, 19, was discovered by a 23-year-old East Cleveland man who had a date with Miss Manak for Sunday afternoon. The other man being held is a 21-year-old Ohio University student from Cleveland Heights, a friend of the victim.

No Dietary Absolutism

A small jar of sturgeon eggs costs about \$5 in the United States. If Americans regarded caviar as a diet essential, the high price of sturgeon eggs would be something to worry about, a key element in the cost of eating.

Not many Americans think of sturgeon eggs this way. If they eat them at all, they think of the eggs as a party delicacy. But not many Americans think of beefsteak and bacon as key elements either. They do not think of them as dietary essentials.

They buy them when the price is right. When the price is too high, they do without them. This is the famed system of price shopping, practiced by generations of food purchasers. It is the key to the law of supply and demand—the way prices find their levels in the market place.

Yet, familiar as this is it never is mentioned when experts talk about the cost of living. They make their calculations on the assumption that people do not shop around for prices and do not lay off overpriced items.

They make no allowance for the fact millions of food shoppers gave up bacon when the price rocketed. They do not take into account the wide selection of food in the U.S. marketplace. There is no dietary absolutism in the United States. Even bread, once the staff of life, is not essential.

No one doubts that the over-all price of food

is higher than it was before. But no one who knows how food marketing is done by typical housewives doubts that the cost of feeding a family is flexible. It all depends on the marketing savvy of the purchaser.

Early Training

Actor Ronald Reagan's success in California politics sharpens a question about preparation for public service.

Can it be assumed that acting has prepared Reagan to be a good governor of California, if he beats Gov. Edmund G. Brown in November? Gov. Brown prepared for public service by taking a law degree, being a district attorney and a Democratic stalwart.

Actor Reagan's previous political experience consists chiefly of a fund-raising role in the Goldwater campaign. But what should a public official's early training be?

No one knows. Law is the usual background of officialdom in the United States, but other backgrounds have been common — agriculture, militarism, education, newspapering, business.

Can anyone say acting is less reliable than any these others? It might even prove to be the best of all for politics is often the art of making people believe what isn't so.

Not-So-Good Old Days

The Ohio Highway Safety Department has learned that the Amish people in this state are of two minds about the kind of safety reflectors they use on their black buggies. Ohio law requires bright-colored reflectors on slow-moving vehicles.

Legislators shied away from requiring the Amish to use bright-colored reflectors because of their traditional distaste for bright colors. But in practice, the younger Amish people are favoring a bright-colored device anyway, though they have the option of using a drab color.

This concession to highway hazards by these sometimes stubborn people is reminiscent of something that happened many years ago. If it hadn't happened when it did, there wouldn't be many Amish people living today.

The "horse - and - buggy Amish," as they commonly were referred to, were using ordinary lanterns on their buggies, if they used anything at all. Every auto driver who knew about the invisibility of Amish buggies feared an after-dark encounter with one of these spidery vehicles.

Belatedly, the Amish were required to make their buggies visible after dark with a lantern

equipped with a red reflector that could be seen by the driver of an auto closing in from the rear; i.e., a tail-light. It happened just in time to keep traveling Amishman from being wiped out.

Knock It Off

If false alarms such as those which have been plaguing the Chester department anger outsiders like us, it can be imagined how infuriated the firemen themselves must be.

False alarms are accepted as part of the job, but when they come in bunches, like they have of late, they cease to be funny, especially when it is known that they deliberately are being planted by a senseless prankster.

A speeding fire truck isn't a plaything. It's a huge piece of equipment that requires careful handling. Each time it leaves the station there's the possibility of danger — danger to the firemen themselves, danger to other motorists and danger to pedestrians.

The prankster who has been perpetrating the hoaxes should take this into consideration and knock it off before real trouble occurs.

Spoiling Their Childhood?

An Educational Policies Commission proposes an earlier start on education, moving it back from one to two years beyond the six-year-old starting line.

This will bring down on the commission, representing National Educational Association and the American Association of School Administrators, a shower of old chestnuts worn smooth by time and hard use.

Objectors will say earlier education will soil the childhood of the innocent young; that it will blight their health, exhaust their intellects and jade their joie de vivre. They will complain that small children are only happy when running wild and it is cruel and inhuman to foist learning on their fragile minds.

All this in spite of the fact many children

have survived early education without brain or physical damage and have been, in fact, the envy of parents whose own young were permitted to conserve their mental energy indefinitely, sometimes throughout their entire school careers.

Strip On The Strip?

If the reports are true, the "Strip" may be coming that literally.

A professional "stripper" is said to have lived things at one of the Hancock County spots the other night.

With rumors that organized prostitution also may be in the offing, the door of illegal operations could be swinging open wider instead of closing, as it should.

By Truman Twill

Football is a business, as far as the law is concerned.

How is all this going to come out?

Some of us keep wondering about all those parents and kids who had been cherishing the hope of striking it rich by getting the professional football leagues into a bidding contest. What does the beef trust think?

Through The Years

From The Review Files

THIRTY YEARS AGO — Elden Scoutten, public speaking instructor, was elected principal of Lincoln Junior High School in Lisbon.

Earl Fenton, William Davis, Charles Bryan, Richard Stivason and Milton Pelley took civil service tests for appointment as assistant fire chief.

TWENTY YEARS AGO — Mearl R. Atkins of North Lima was appointed head football coach and assistant in basketball at Wellsville High School.

Three East Liverpool veterans, Bernard C. Digman, Jame Eynon and Joseph Q. Wilson, began summer studies at Carnegie Institute of Technology under the G.I. bill.

Richard Neitz of Riverside Ave., Wellsville, was graduated from Western Reserve University, Cleveland, with a Bachelor of Science degree.

TEN YEARS AGO — Dr. Dale Williams of the New Cumberland Lions Club received a plaque for distinguished service in Lionism.

A drinking straw makes a fine taper to use when lighting a fire in the fireplace. It keeps your hands clean, reaches the kindling easier, and is also safer to use than matches.

Even the toughest bottles and jars come open much easier if a piece of sandpaper is held in the palm of the hand while you are trying to untwist the lid.

Civil War Threatens Labor

By Victor Riesel

For months left-of-center, liberal critics of Lyndon Johnson's foreign policy have pounded him with some mighty big intellectual guns. They've cannonaded him from field bases in the universities, in the arts and in the professions but the mightiest mortar of all, criticism from a labor leader of prominence, has been missing.

Now, however, they have found one, and he has opened up.

He's the dynamic, continent-hopping, younger brother of Walter Reuther, namely, Victor George Reuther, director of the Auto Union's far-flung and even further-ranging international affairs department.

His opening shot — and it has been heard 'round the world — was a blunt charge that President Johnson's staunchest labor supporter, AFL-CIO President George Meany, and the latter's foreign affairs specialist, the fabulous mastermind of a thousand anti-Communist offensives, Jay Lovestone, are "involved" with the Central Intelligence Agency. (Mr. Lovestone directs the AFL-CIO's international affairs department.)

Inside labor, such a charge is as deadly as getting up in Peking's main square and denouncing Mao as a Khrushchev revisionist.

It makes suspect all the work of the AFL-CIO's international affairs department. These reach from championing of the Dalai Lama to cooperation in educating some 20,000 trade unionists each year in Latin America.

SUCH ACTIVITIES have ranged from the befriending of anti-Sukarno generals in Indonesia to building workers' homes in Honduras, to assisting democratic unionists in Africa to briefing the labor attaches of foreign embassies in Washington.

I have been deep in Africa where, in some capitals, labor leaders knew the names only of such Americans as the recent U.S. presidents, the vice presidents—and that of Irving Brown, one of Mr. Lovestone's colleagues in the international department here.

Thus when Victor Reuther charged that "Meany and Lovestone" not only were practically CIA agents, but were spending some \$6 million in Latin America alone, they were shocked. Lovestone was in West Berlin for a labor convention to which he had brought Mr. Meany's greetings.

The Victor Reuther charge was embarrassing, not alone to Mr. Lovestone but to the entire American labor movement which Meany personifies.

Mr. Meany was chagrined. He had just completed plans to leave the U.S. on June 19 for a world labor congress in Brussels.

He like all other insiders knew that the charge would be hurled at him wherever he went since it was first thrown by Victor, brother of Walter, whose name is synonymous in Europe with militant unionism.

SO MR. MEANY TELEPHONED Walter

Reuther. The gist of the conversation was: Did this public attack represent Walter's thinking and the position of the influential Auto Union?

The Detroitier replied that it did not and that he had not known of the open criticism of the Meany-Lovestone activities before Victor had unburdened himself.

Victor had given a long interview on many issues and had not especially zeroed in on the CIA charge. But he had said it.

So it flared in excitable circles as the most sensational conversation piece in recent years. It set the pattern of the differences between the two forces inside labor.

Victor Reuther is an intellectual and ideological colleague of such men as Arthur Schlesinger Jr. and author-economist-university professor John Kenneth Galbraith. He and they, for example, built the Committee on Free Elections in the Dominican Republic.

Victor Reuther attempted to give the committee staunch labor support. He sent letters to such influential leaders as the Steel Union's I.W. Abel. The latter did not join or support the group, which finally dispatched to Santo Domingo several score men led by Norman Thomas.

COMMITTEE LEADERS say they dispatched the ballot box observers after full discussion with Under Secretary of State Averell Harriman and other State Department officials.

However, Mr. Meany and Mr. Lovestone were opposed to such a committee which they believed insinuated that the U.S. and the Organization of American States would not permit fair elections.

There are other sharp differences.

Messrs. Meany and Lovestone are opposed, furthermore, to all exchanges with the Soviet Union, Eastern European nations and mainland China.

They reject exchanges of labor delegations with the Communist bloc and Yugoslavia as well.

They are absolutely opposed to the admission of Peking China to the U.N.

They reject trade with the bloc. Without believing that Premier Ky is a Churchillian statesman, Mr. Meany is solidly behind President Johnson and the Vietnamese government and the U.S. policies in Southeast Asia.

The free election group, in which Victor Reuther is an articulate labor spokesman, as well as private citizen, differs with Meany on such policies almost all the way.

Odd Facts

Save the handy cutting edge from boxes of aluminum foil or waxed paper, and use them for cutting paper to wrap packages for mailing, or wrapping gifts. Cut the entire side of the carton where the metal edge is attached. Do not remove the metal from the cardboard. This gives you a handy hold - on edge which makes cutting easier and eliminates hurt fingers.

China Purge

By Richard Worsnop

Peking Upheaval Like Quake

Political purges in one-party countries are like earthquakes — unpredictable but inevitable. Communist China, on the rim of the great Pacific tremor zone, is vulnerable to both. Without question, the current purge of the Chinese Communist party is the biggest in the country's 17-year history.

Purges, like earthquakes, usually begin with slight tremors, rapidly take on the form of one or more violent shocks, and end in vibrations of gradually diminishing force. The Chinese shakeup has followed this pattern faithfully so far.

At first, the military and party press merely attacked "bourgeois" intellectuals for veering from the teachings of party chairman Mao Tse-tung. Then, about two weeks ago, the "cultural revolution" began to zero in on highly placed party officials in Peking. Pen Chen, once considered a possible successor to Mao, was abruptly dismissed from his job as mayor of the capital. Lu Ping, president of Peking University, and Lu Ting-yi, director of the party's propaganda department, were the next to go.

No end to the war against the "horde of monsters that have entrenched themselves in ideological and cultural positions" is in sight. According to The People's Daily, the official party organ, "The tremendous drive and momentum and boundless wisdom of the working people manifested in the (purge) movement far exceed the imagination of the lords of the bourgeoisie."

A SIMILAR PURGE took place in China nine years ago. Mao, overconfident of his hold on the country, invited the intellectual community to "boldly criticize" the party's defects. "Let a hundred flowers bloom," Mao urged, "and let a hundred schools of thought contend."

The flowers blossomed in rich, undisciplined profusion. By the middle of 1957, a full-scale purge of so-called "rightists" was under way. Picking up Mao's metaphor, The People's Daily likened the purge victims to "poisonous weeds" which must "be got rid of."

Then, as now, Peking University was the principal seedbed of non-conformist thought. Student societies demanding more political freedom sprang up. The students later found themselves doing manual labor in the countryside.

FAILURE TO instill the younger generation with revolutionary zeal is perhaps Mao's keenest disappointment. He fears that China may go the relatively liberal way of the Soviet Union when the present generation of leaders passes from power. And that time is fast approaching. Mao himself is 73 years old and in poor health, while the average of the Politburo is 68. "Seldom in history," William F. Dorrill of the Rand Corporation points out, "have so few led so many for so long."

China-watchers are of several minds about the meaning of the current purge. It may represent a last, desperate attempt by Mao to perpetuate his headline foreign policy, which has not enjoyed much success of late. Or it may mark the opening phase of a post-Mao leadership struggle.

Whatever the explanation, radical changes in China's political structure appear in the offing.

EDITOR OF THE REVIEW:

I would like to add my opinion to the wave of criticism concerning the recent refusal by the East Liverpool Board of Education to renew the basketball coaching contract of Mr. Frank Chan.

I am shocked that the board would even risk losing the excellent teacher and fine person that Mr. Chan is, merely in the hope of obtaining a better basketball record — or the hope of finding someone more cooperative with the proponents of football.

Mr. Chan is indeed an outstanding teacher, one of the relatively few left at East Liverpool High School. His talent in mathematics — a field so vital to modern education — and his ability to convey his knowledge enthusiastically is superb.

His dedication and sincerity is attested by the fact that even during the heat of basketball season, math class went on as usual. His professional standing is demonstrated by the letter to the board from 34 of his fellow teachers in his support. I myself feel that I have benefited more from Mr. Chan's teaching, inspiration, encouragement and friendship than from that of any other teacher I have had.

I deeply regret that the students of East Liverpool High School have been deprived of as fine a teacher and coach as Frank Chan. The reasons for his dismissal, as revealed by Mr. Duffy in this paper, are so vague and minor that I cannot help but think that they are merely excuses for getting rid of him.

My respect for those members of the school administration and those members of the Board of Education who are responsible for this incident has certainly lessened. Mr. Woerner and Mr. Brown, the two members of the Board who used reason and voted to keep Mr. Chan, really deserve the applause of the community.

Finally, I feel that, because of this incident, the "dirty name" in sports that East Liverpool has obtained recently has gotten one smudge darker.

Auto Hits Guard Rail

Car Crash Hurts Woman, Girl, 11

A city woman and child were hospitalized with injuries suffered when their car rammmed a guard rail west of Wellsville Sunday night, one of five area accidents investigated over the weekend by the Ohio Highway Patrol at Lisbon.

Mrs. Nancy A. Hanlon, 37, and Hazel J. Hanlon, 11, both of 715 E. 4th St., were in "fairly good" condition today at City Hospital with injuries received when their car struck the guard rail along Route 39 a mile and two-tenths west of Wellsville Sunday at 9 p. m.

Officers said Mrs. Hanlon was driving east when two dogs ran into the path of her car. She swerved to miss them and lost control of the vehicle, which went left of center and hit the guard rails.

MRS. HANLON suffered lacerations above the left eye and contusions of the ribs. The child received abrasions of the forehead and contusions of the right knee.

Harvey A. Gamble, 36, of 1142 Harker Ave. escaped injury when his car went over an embankment at the intersection of Routes 7 and 30 Sunday at 1:10 a. m.

Officers said he was southbound on Route 7 when he lost control while attempting to make a left turn onto Route 30. The car ran off the highway, went over an embankment and overturned, coming to rest on its wheels.

A car operated by Norman Birnbaum, 46, of 2799 St. Clair Ave. was struck in the left rear by a hit-skip driver Sunday at 1:15 a. m. on the Chester Bridge.

Birnbaum reported he was northbound when the other car, headed south, went left of center and struck him. The other driver failed to halt, Birnbaum said.

A MOTORCYCLE operated by Junior J. Suttle, 44, of Orville R. D. 1 was bumped in the rear by a car operated by Gene Reed, 47, of Girard Sunday at 5:10 p. m. on the ramp at the intersection of Routes 30 and 170.

The patrol said Suttle had halted on Route 30 at the intersection. Reed halted behind him, but his car drifted forward into the rear of the motorcycle.

A panel truck operated by D. L. Metz, 18, of Pleasant Heights, Lisbon, overturned on Route 172 three and three-tenths miles east of Route 9 Saturday at 4:55 p. m.

The vehicle, owned by Hillier's Market of Lisbon, was damaged on the side, top and front. Officers said he was headed west when he lost control on a curve and went off the side of the road. The vehicle rolled twice before coming to rest on its wheels, the patrol reported.

Metz was cited for speed in excess of road conditions.

Fine Imposed On 3 Drivers

Three motorists drew fines for traffic violations today from Acting Municipal Judge Samuel M. Chertoff.

James W. Wilson of Streetsboro and Katherine D. McLeavy of Akron were fined \$15 and costs each after pleading guilty to speeding charges filed by the State Highway Patrol.

Wilson was cited Saturday for traveling 85 miles an hour in a 60-mile zone on the Freeway. The patrol noted that he also had been convicted of speeding

May 18 in Akron Municipal Court.

The woman was cited Wednesday for driving 70 in a 60-mile zone on the East Liverpool-Wellsville Rd.

Colan Glenn Alford of LaCrosse was fined \$5 and costs on a charge filed by the patrol alleging he failed to yield the right-of-way at the intersection of 1st Ave. and an unnamed alley in LaCrosse.

Acting Judge Tobin instructed police to notify Jack Wayne McKinley, 1044 Bradshaw Ave., to appear Tuesday on a charge of crashing a traffic light or a bench warrant will be issued for his arrest. McKinley was cited Friday afternoon for crash-

ing the light at Walnut and E. 6th Sts.

Also scheduled to appear tomorrow is Carl Kearns Jr. of Monaca, cited early Sunday at Dresden Ave. and Weber Way on charges of operating a motor vehicle without a tail light and driving without an operator's license. Kearns posted a \$37.50 bond.

Clyde Edward Shroyer, 805 Alton St., is due to appear June 21 on a patrol charge of operating a motorbike without a muffler. He was cited early Saturday night on Dresden Ave.

Turkey's president is chosen for a 7-year term by the Grand National Assembly.

Two Hospitals Qualify In Medicare Program

Weirton General Hospital and Ohio Valley Hospital at Wheeling are among 70 of 97 West Virginia hospitals which have agreed to comply with anti-racial discrimination laws to participate in the new medicare program.

The hospitals were among the more than 5,500 hospitals across the nation listed by the Department of Health, Education and Welfare as eligible to take part in the expanded health care program for the aged which begins July 1.

Harold Wilson To Speak

Joint Flag Day Service Slated By Elks Lodges

East Liverpool and Wellsville Elks Lodges will hold their annual joint Flag Day service Tuesday night at 7:30 at the home of the local lodge on W. 5th St.

The speaker will be Harold E. Wilson, a native of East Liverpool who is superintendent of schools at Cuyahoga Falls.

The ceremony will be held on the front porch of the lodge home and chairs will be provided on the street for the audience. In case of rain, the rite will be held in the ball room.

Ernest Lowe, accompanied on the piano by his wife, will sing four solos. The 45-piece Concert Band of Musicians Local 172 will play four numbers during the program. Following the ceremony, the band will play until 9. Donald Hunsberger is director.

Paul A. Betteridge and officers of the East Liverpool lodge will conduct the introductory exercises. James F. Cunningham, chaplain, will give the invocation.

James Williams, leading knight of the Wellsville Lodge, will present the history of the flag and Boy Scouts will display the six flags used at various times in the history of the U.S.

Richard Williams, leading knight of the local lodge, will give the response.

James Logan, exalted ruler of the Wellsville lodge, will lead the pledge of allegiance. Betteridge will conduct the closing exercise.

The annual ceremony is held alternately in East Liverpool and Wellsville. Elks Lodges throughout the U.S. have observed the date annually since 1911. The officials of the two lodges urged East Liverpool and Wellsville residents to fly the flag tomorrow.

Wilson holds a Ph.D. degree granted in August 1964 at Ohio State University. He also received bachelor's and master's degrees in education at Ohio State.

Born in East Liverpool in 1927, he began his career as a science teacher and coach in 1951 at Chillicothe High School. He served at Mt. Vernon, West Jefferson and Columbus before becoming assistant superintendent of the Lancaster school system in 1962. He was named to the Cuyahoga Falls post in 1964.

Wilson is a lieutenant commander in the Navy Reserve. His wife is the former Dolores Martin. They have three children.

Wright Heads Legion Group

Bernard D. Wright of East Liverpool is the new commander of Columbiana County American Legion Council, succeeding Olan Sanor of North Georgetown Post 374.

Walter McCoy, 10th district commander and member of Lisbon Post 275, was installing officer for the ceremony Friday at Salineville Post 442. Wright is a member of the Salineville unit.

Also installed were: William Grate, Columbiana Post 290, first vice commander; John Long, East Liverpool Post 374, second vice commander; J. V. Hughes, Wellsville Post 70, finance officer; Densel McKinney, Post 374, chaplain; and Leroy Patterson, Post 374, sergeant at arms.

Commander Wright appointed McCoy council adjutant and named the following committee chairmen:

Dareld Carder, Post 290, Gifts For Yanks Who Gave; Albert Hayes, Post 290, Massillon Visitation; Dwight Bush, Post 574, junior Activities; Ray Cunningham, East Liverpool Post 4, Highway Patrol Auxiliary; Albert Hayes, Post 290, Bowling and Golf; James Cregar, Post 374, Americanism; and Harold Fryogle, Post 574, Service Officer.

Commander Wright announced the following schedule of meetings for his year in office:

July 8, East Palestine Post 31; Aug. 12, Post 275; Sept. 9, Leetonia Post 131; Oct. 14, Post 374; Nov. 18, Salem Post 56; Dec. 9, Glenmoor Post 736; Jan. 13, Post 574.

Birthday dinner, Post 442; April 14, nominations, Hanoverton Post 684; May 12, nominations and elections, Post 70, and June 9, installation, Post 290.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Today was one of the most heart-breaking days of my life — and I'm well past 50 years of age. I attended the funeral of an adorable little boy, just 4 years old. He lived next door to us and I have never known a friendlier, brighter or more affectionate child. He died because someone was careless. It was his mother. Can you imagine how she feels? It was a very innocent-looking bottle — after all, aspirin aren't poison, or so his mother thought. And it isn't as if they taste very good.

But the youngster climbed up on a chair in the bathroom and helped himself. He was supposed to be taking his nap, so his mother didn't check him for more than an hour. When she found him on the bathroom floor she thought he had fallen and struck his head. By the time she got him to the hospital it was too late. The doctor said he had eaten about 20 aspirin tablets. Please, Ann Landers, print this letter. Everyone knows that iodine and bleaches and gasoline and kerosene can kill children.

But a great many people are ignorant about aspirin. Please, please use your tremendous influence to alert the public to this danger. Thank you. — HEART - BROKEN NEIGHBOR.

Dear Neighbor: Here is your letter and now I would like to add a few words of my own.

Not only medicines but cleaning fluids, furniture polish, ammonia, drain cleaner, insecticides, paint thinners, hair dyes, nail polish remover and countless other items can kill a child. The best rule is this: Keep all such articles locked up and out of reach of your children. More than 400,000 American youngsters will be poisoned this year. Will yours be among them?

Beat Beatnik

Dear Ann: What can I do about a mother who tricked me into getting a short haircut? I'm going to tell you exactly what happened and I want your advice.

My folks came home from a trip. When my mother saw me she flipped. I knew she would make me get a haircut right away but I thought I had her talked into letting me wear my hair a little longer than usual. All I wanted was the sides trimmed and the back evened up.

Well, we went to the barber shop and my mother started to talk to the barber in Jewish. I thought she was asking him about his family or something personal so I didn't pay any attention. What she was really telling him was to cut my hair off very short!

How can a kid fight this sort of thing? — SKINNED RAT.

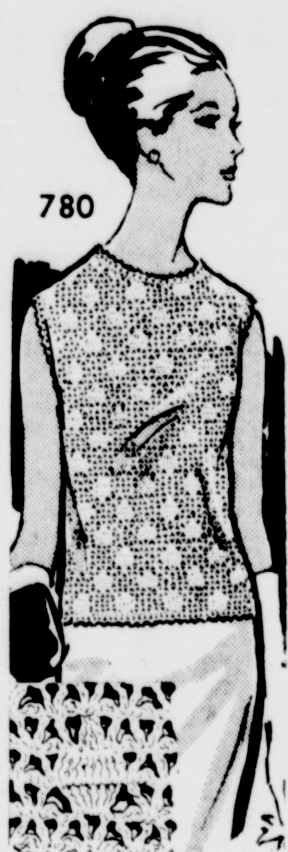

Dear Skinned: You'd better learn Jewish or switch to an Italian barber.

Confidentially

TO WANT TO BUT I CAN'T: You CAN and you must. There are six very important people involved in this mess. And remember, it is not enough to "forgive and forget." You must be willing to forget what you forgive. This is the most difficult part.

achievement and acceptance. Your conduct is a hangover from early childhood — when you were punished for misbehaving. People who are hungry for attention prefer punishment to being ignored — and this is why you say and do things that get you into trouble.

TO MOTHER OF TWO TEENS: A pajama party can be great fun, but if you allow your teens to have a pajama party in a hotel you have rocks in your head, mother. Your daughters have a home, haven't they? Well — that's where the party should be.

Jefferson Union District Sets Its Summer Classes

Kenneth Christopher, superintendent of the Jefferson Union Local School District, has announced plans for the start of the summer program under Title I for the district, with George Taibi, guidance counselor, as project director.

The program was initiated by Christopher and Taibi, with the assistance of Dr. A. Eileen Cozart, coordinator of guidance services for Jefferson County schools.

The instruction will be in Developmental Reading and Mathematics which, according to statistics compiled, are the areas of greatest need in the Jefferson Union District.

The center will be located at Jefferson Union High School for 175 pupils who qualified within the established criteria. Bus transportation will be furnished according to present practice.

Classes will begin at 8 and end at 12 daily for six weeks from June 20 through July 29. Classes are to be conducted in Reading and Mathematics.

There is room for approximately 30 additional students in the program. Any parents who are interested in enrolling their children should contact the superintendent's office as quickly as possible.

At the present time, two administrative vacancies exist in the Jefferson Union District — the high school and Pleasant Hill Elementary School principals.

Klan Schedules Rally At Site Near Ravenna

RAVENNA, Ohio (AP)— Ku Klux Klan organizer Howard Lewis says the Klan will hold another rally and a cross-burning June 25 near here.

Lewis, of Akron, accused sheriff's deputies of "playing Gestapo" at a previous rally May 28. He said Saturday that deputies told people not to enter the rally site on a five-acre parcel he had purchased for such gatherings.

850 Elementary Pupils Here Will Take Remedial Courses

Some 850 elementary students in city schools, including 35 from St. Aloysius, will begin an eight-week summer school Wednesday in remedial reading and arithmetic.

Eighteen teachers have been employed as instructors for the program — 6 at East Junior High and 12 at Westgate — which will be operated under a federal grant of \$18,000 without cost to the Board of Education, Asst. Supt. George Hargraves Jr. said.

Students from Garfield, Horace Mann, Neville and Klon-dyke buildings and St. Aloysius

students residing in the East End will attend the sessions at East Junior. All others will attend Westgate.

Westgate classes will be in session from 8:30 to 11:30 a.m. daily, while East Junior sessions will be held from 9 a.m. to noon, Hargraves said. Working out a bus transportation schedule is the reason for the time differences.

Teachers will meet Monday and Tuesday to complete preparations for the summer program. They will be on duty 30 minutes before and after each class session.

The pupils scheduled to attend the classes were recommended by their teachers, the assistant superintendent added.

Jaycees In Wellsville Pick 2 In Road-E-O

Ron Dickinson and Kris Call won the Teen-age Driving Road-E-O sponsored by the Wellsville Jaycees Sunday at the Mason Foodliner parking lot.

Students at Wellsville High School, they were presented trophies by Ralph Fusco, Jaycee president. They will represent Wellsville in the state contest Saturday at Brecksville, near Cleveland.

Judges were Jack Johnston, Don Hazelett, Willis Murray, Fusco and William Hickman. James Saracco was chairman. East Liverpool Central Service provided the cars for the contest.

The number of hotel and motel rooms in the United States increased from 1.9 million to 2.5 million between 1948-65.

Tom Leek Elected

Area Youth Wins Judge Post At Boys State Event

Tom Leek of Monroe Heights, Salineville, was among nine Boys State Supreme Court judges elected Sunday at the annual Ohio American Legion mock government sessions at Athens. Leek, Southern Local High School junior and son of High School Principal and Mrs. Thomas Leek, was one of 55 candidates for the court posts. John Arigoni of Jackson Memorial High School in Stark County was elected Governor in a 990-359 count over Martin Yant, 17, of Uhrichsville. All the youths at the event will attend a dinner meeting to-night at which Gov. James Rhodes will be speaker. New state officers sworn in with Arigoni were: Walter "Bud" Jenkins of Columbus Whetstone High, who won the lieutenant governorship over Tom Elliot of Columbus. Edwin "Slim" Primm of Cleveland Glenville High, secretary of state over Fred Hough of Warren. Reed Riegel of Lancaster, treasurer over Edwin Kirby of Columbus. James Lavine of Warren, state auditor over Rex Kern of Lancaster. Tom Cooper of Cortland, attorney general over Paul Sherman of Akron. Arigoni, Lavine and Cooper ran on the Federalist Party ticket; the other three as Nationalists. The Nationalists seized a 31-19 lead in the Boys State Senate but the House may be evenly divided. The final House lineup was held up by failure to resolve a tie vote in one of the cities. The Nationalists tentatively held a 48-47 margin. Bob Bell, a student at Berea High School, topped the nine candidates for chief justice of the Boys State Supreme Court. Next high was Tim "Beetle" Bailey of Marysville.

Driver Faces Charge As Result Of Mishap

A Chester motorist was charged with improper passing following a collision Saturday on West Virginia Route 66, south of Newell, near the Midway Trailer Court. Everett H. Spurlock, 19, of 217 Louisiana Ave., attempting to pass another auto in his 1956 hardtop, struck an oncoming 1958 sedan driven by D. S. Simmons Jr., 19, of 100 Grant St., Newell, resulting in a bruise to the upper arm of Velma Simmons, 45, a passenger in the northbound car, the Hancock County sheriff's office reported. Mrs. Simmons told deputies she would receive treatment from her family physician. The accident was timed at 7:29 a. m.

Youthful Driver Cited After Lisbon Mishap

LISBON — Cars driven by Dannie E. Baker, 19, of Hanoverton, and Dr. Thomas W. Liggett, 44, of 805 N. Market St., collided at 11:20 a.m. Saturday on S. Lincoln Ave. at the Erie-Lackawanna Railroad crossing. Police Capt. John Varner said Baker was southbound, went left of center as he turned west and struck the veterinarian's eastbound auto. Baker said his steering locked. He forfeited a \$15 bond in mayor's court on a left of center charge. Motorcyclist Dale E. Biglin, 28, of Crestline forfeited \$30—\$15 on a charge of passing at an intersection and \$15 for failure to obey a police officer's signal. Policeman Richard Kofel arrested him Sunday.

Survey Reveals 12% In U.S. Are Heavy Drinkers

LOS ANGELES (AP)—Twelve per cent of American adults are heavy drinkers, says a nationwide survey. You are a heavy drinker, says

Dr. Ira Cisin, if you have one drink almost daily, or if you down at least five drinks in one session once a week. Cisin's survey, sponsored by the National Institute of Mental Health and based on 2,750 interviews, was disclosed Sunday at a symposium on drugs and alcohol at the University of California at Los Angeles.

Generally, says Cisin, a professor of sociology at George Washington University, more drinkers reside in New England and the Middle Atlantic states. Residents of Pacific Coast states are in third place while, proportionately, the fewest drinkers are found in the Deep South. Cisin also found more men

drink than women, most drinkers are in their 20s and 30s, of higher income groups, and live in cities and suburbs. More Episcopalians, Catholics and Jews drink than Baptists and others of religious groups which disapprove of drinking, he added.

Salineville Youth Wins Award For His Photography

Mike Chickiris, son of Mrs. Angela Chickiris of 165 E. Main St., Salineville, received a second-place prize for a photo-

graphic entry at the Fine Arts Festival at Annapolis, Md. He received a \$50 cash prize and will be presented with a trophy June 19. The photo, which he entered, also was used for a play, "Richard the III," at Kent State University, where he will be a senior in the fall. He is a graduate of Salineville High School.

Edward Massey Jr. Gets Jaycee O'Farrell Award

Edward Massey Jr. of Long Kithas, Dave Park and Dick Vue Heights was presented the Patrick J. O'Farrell award at the annual Jaycee inaugural banquet and ball Saturday night at the Inn Town Motel.

More than 100 attended. Francis H. Lang, charter president of the East Liverpool Jaycees and past state president, presented the award and also installed his son, Charles Lang, as new president of the city chapter.

Masey, a salesman for the Hall China Co., received the award — presented each year to the outstanding committee chairman — for his work as head of the Bosses Night committee.

Jack Hales, a life member and Jaycee international senator, was the installing officer.

Six chairmen who received awards for having outstanding projects were Frank Moss, Paul Grafton, Joseph Coons, Adrian

Darrah.

Dick Deima of Alliance, national Jaycee director, presented certificates of appreciation to The Review and WOHL.

Sparkplug awards went to 16 members and Spoke citations went to 10.

Jaycette officers were installed by Mrs. William Kozel, retiring president.

Vincent Laneve, retiring president, expressed appreciation for help during his term of office and urged continued work on projects launched the past year.

Joseph Coons was master of ceremonies. Laneve made the awards presentations.

A dance followed.

She's Tri-State Queen

Miss Carter Crowned

Miss Mildred Carter, daughter of Millard Carter and the late Louise Carter, was crowned queen in the first Miss Tri-State Beauty Pageant sponsored by the Modern Matrons Social Club of East Liverpool at the Eagles Ball Room Saturday night.

Mrs. Janice Southall, president of the club, placed the crown on Miss Carter's head and gave her a \$25 Savings Bond.

Miss Carter, a sophomore at East Liverpool High School, won the honor at a semi-formal dance at the lodge home. There were 10 contestants.

Other contestants were Gloria Jones, daughter of Mr. and Mrs. James Jones of Erie St., Carolyn Southall, daughter of Mr. and Mrs. Charles Southall of Glenmoor, Stanola Curtis, daughter of Mr. and Mrs. Stanley Curtis of Glenmoor, and Edith Taylor, daughter of Mrs. Ruth Tay-

lor of Harker Ave., all representing East Liverpool.

Wellsville contestants were Roxie Wright, daughter of Mr. and Mrs. Harold Wright of Clark Ave., Olivia McCuen, daughter of Mr. and Mrs. Marvel McCuen of Anderson Ave., and Theresa Jackson, daughter of Mr. and Mrs. Leonard Ware of 14th St.

Others were Sandra Williams, daughter of Mr. and Mrs. David Williams of Lisbon, and Bonita Oliver, daughter of Mr. and Mrs. James Oliver of Midland.

Bringing Up A Family

By Dr. GARRY MYERS

Grandmothers Can Create A Problem

Suppose your own child, two, four or six, is overdependent on you. Suppose this youngster continues in this overdependence, eventually marries and has children of his or her own. Suppose you live with this young family or near them. What might happen in your relation to the grandchildren and to their parents? What might happen in the relation between these two parents? Now let us look at the young family. There are the young parents and their children. Either Grandma is the mother of the young mother or of the young father — a widely different relationship.

A mother writes from Wisconsin: "My children are beginning to suffer from Grandma's constant nagging and interfering. I say something to the children, she's right there saying something too — at the same time. Every moment of the day when they're in, they are being told off about something and most of the time it's unimportant things. This way I don't feel like scolding them for anything and that isn't good either."

"The oldest girl, at 6½ is having stomach cramps. The doctor said, 'Too much pressure.' The second child, a bright stubborn boy, 5 is a bed-wetter. He also has nervous habits. The doctor again said, 'Take pressure off.'"

"The baby 20 months is unaffected as yet. The resulting tension is having a strain on me. My husband won't say anything to his mother; she's very proud. But when he's angry and upset, he picks on my father who has many faults but does not have any effect on the children."

SUPPOSE Grandma were your husband's mother. Suppose you wanted him to talk to Grandma. How would he respond to this?

If you are not personally involved in such problems, it may seem ridiculous to you that either parent of the grandchildren would not put foremost in importance the welfare of these youngsters. But if you happen to be any one of the three — grandmother, young father or young mother — it would appear different. It will actually be different. You would be tied by emotions running back for years and years.

In order to understand the magnitude of the problem, you must realize that when a young child is overdependent on the mother, he is likely to continue to be overdependent. Besides it's a two-way street: she is overdependent on the youngster to the extent she feels she must always protect his feelings and do for him what he wishes her to do.

Accordingly the mother acquires excessive protection and direction of him or her. When this child, boy or girl, is married and has children of his own, the mother, now the grandmother, tends to continue protecting and directing him. She does so by taking over the rearing of the grandchildren directly or by telling the parents how to rear them.

Prairie dogs vanished altogether from the 30-acre prairie dog town in the Wichita Mountains Wildlife Refuge near Lawton, Okla. It has been restocked with 38 of the sociable little ground squirrels.

SALES and SERVICE

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: Some of the articles I have read (when it comes to weddings, graduation parties, a special bridesmaid dresses, etc.) seem to think that every reader lives in a palace. Do you have any ideas for inexpensive formal gowns? We are not millionaires, but we do like full-length dresses.

Mother of Five Girls.

In addition to watching ads in the paper and buying dresses on sale, I have one goodie tucked up my sleeve that you might like and which I know would save you money.

Look for beautiful blouses or sweaters on sale!

Buy one when you find a bargain.

Then all you have to do is

buy some material that corresponds with it. (If it's a white cotton blouse, buy six to 10 yards of white organdy — or some beautiful pique that will take less yardage and call for a less expensive petticoat, which is another saving.)

All you have to do is gather this and put it on a band of self material to make a darling floor-length skirt. And if you don't sew, any dressmaker could do it for such a tiny fee! I also have learned that two to three strips (depending on the width of the material and the height of your daughter) can be sewn together and a big circle cut out of this, making another one in the center for her waist. The bits from the

corners can be used for the waist band . . .

I DID THIS MYSELF when my husband was a captain in the military, and we were invited one night to a ball at an embassy! I also bought a cheap bed sheet on sale and made a matching petticoat the same way—which required NO seams at all!

Beauty and elegance need not take money.

By buying the sweater or blouse, and making a skirt, at least they can be worn after the wedding. The top with street outfits and the bottom if your daughter and her husband should be lucky enough ever to be invited out to a formal occasion in the next five years. Or the skirt can be cut off and worn as a cocktail skirt.

Also, by buying separates like this, the top may be sent to the cleaners, and you will be charged only for a blouse. The bottom can be spot-cleaned (if necessary) or not cleaned at all. Whoever looks at the tiny spot on the hem of a skirt? And if someone did notice it, they would think you got it coming-in-the-door and u-the-steps!

Many darling, teensy, pillbox hats can be bought at hat shops or department stores. These hats need not be expensive, either. Perhaps less than \$30.

They can be covered with the leftover material of the skirt. I have covered many.

ONE CAN GO to the dime store and buy strings of inexpensive pearls and sew them on the hat! Either cover it fully or band it. These same matching pearls also may be sewn on the sweater or blouse.

The main thought in my mind is:

Don't do without groceries or a visit to the dentist to pay a fabulous sum for a wedding gown because as long as you and your daughter are satisfied . . . really that's all that matters. All those dollars you save will buy a lot of groceries — or diapers when the grandbabies come along!

It used to be a form of com-daughter to make her wedding gown, anyway. (I did mine.) Whatever happened to that sweet old custom?

And happy weddings to your daughters.

HELOISE.

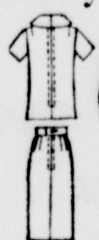

LETTER OF LAUGHTER

DEAR HELOISE: I used to bite my nails an awful lot. One day after I had finished polishing my nails, I put perfume on them and forgot about it. I put them in my mouth and started to bite them; just then I began to taste the perfume. What an awful taste!

I have never bitten them since that day.

Officers Cite Man In Crash

A Westfield man was arraigned in Municipal Court this morning on a drunk driving charge filed by police as the aftermath of one of four city mishaps Saturday.

Robert Dean Gething, 35, of Westfield Rd. was fined \$100 and costs and sentenced to three days in jail after entering a "no contest" plea before Acting Municipal Judge Paul Tobin. No license suspension was ordered, but court officials said the Bureau of Motor Vehicles may pick up his license for three years.

The collision on Dresden Ave. near E. 9th St. involved Gething's auto and a halted pickup truck operated by Donald K. Buzzard of 679 Riley Ave., police said.

Buzzard told police he had pulled to the curb to wait for traffic to pass when Gething ran into him. The Westfield motorist said he saw Buzzard park and started around him when he struck the rear of the pickup.

A Cleveland woman declined medical aid following an accident Saturday afternoon at E. 4th and College St.

Police said Sylvia Watt, 60, a passenger in a car operated by

Antoinette E. Welsh, 60, also of Cleveland, refused treatment after the Welsh auto and a station wagon driven by Macel L. Cox, 34, of Ruth St. collided at the intersection.

The Cleveland driver was headed north on College St. and told officers she thought she had the right-of-way. The East End woman was traveling east on E. 4th St.

Another crash at Broadway and E. 4th St. involved cars driven by Rebecca L. Lewis, 22, of 313 Broadway, Wellsville, and Robert Laughlin, 41, of Georgetown R. D. 1.

The Wellsville woman said she was turning left off E. 4th St. when her foot slipped off the brake and hit the gas pedal, causing her car to hit the Pennsylvania auto.

Carl F. Crabtree of 209 Ravine St. reported to police the left front door of his station wagon was damaged by a hit-skip motorist while parked on the VFW lot at Ravine and Blakeley Sts.

Road Mishap Injures Trio

Three New Cumberland residents were injured in a collision involving a car and pickup truck Friday night on West Virginia Route 2 south of New Cumberland.

Taken to Weirton General Hospital were Claude L. Shepard, 21, of Box 339, driver of the truck, with a contusion of the back of the head; George Steubenvoll, 56, of Ridge Ave., driver of the auto, with contusions and abrasions of the forehead, and Mrs. Steubenvoll, 51, with contusions of the left arm and back.

Shepard was released after treatment. Mr. and Mrs. Steubenvoll were admitted, and are listed in "satisfactory" condition.

Shepard was traveling north when he slowed to make a left turn, according to the sheriff's report. His vehicle then was struck in the rear by the 1961 auto driven by Steubenvoll.

Total damage of \$450 was estimated. The accident was timed at 11:40.

Son-Slayer Kills Self

LIMA, Ohio (AP)—A Canal Winchester woman who was declared insane after she allegedly killed her son last winter, took her own life Saturday at Lima State Hospital, the Highway Patrol reported.

The patrol said Mrs. William McIlwain was found hanged at the hospital. A strip of blanket was used.

Wellsville Police Push Probe In Knifing Incident

Wellsville police today were continuing an investigation into the stabbing of a Wellsville man Saturday night in the 1300 block of Main St.

Police Chief John Hephner said Charles R. Murphy of Main St. was stabbed in the abdomen outside the Starlight Cafe. The story surrounding the incident is very "clouded," the chief commented.

One version is that Murphy was stabbed by an assailant who attempted to rob him. A screwdriver was the weapon used, Hephner said.

The chief said Murphy walked to 13th St. and Anderson Ave. after he was attacked. From there he was taken by a friend to City Hospital where he was admitted. Murphy was

listed as "fairly good" today. The chief said he was unable to question Murphy over the weekend as he was under sedation and in oxygen.

Election To Be Held By Group's Auxiliary

WERTON — Sixteen members attended the monthly meeting of the Northern Panhandle Academy of Pharmacy at the Pleasant Valley Country Club here.

Miss Pat Preto reported that plans for the formation of an Auxiliary are nearly complete, with election of officers due this week.

Guests included Dan Standler, sales manager for the Pittsburgh office of McKesson and Robbins, and James Brooks, a lab specialist in Huntington, W.Va.

The next meeting will be July 13.

Salem Gains Tie For 1st After Sweeping Twinbill

Salem caught up with the Dentists Sunday in the Colt League by taking a doubleheader at Salem while Riverview blanked Central Service, 4-0.

After Salem's victories of 3-1 and 5-1, the league is tied with the Dentists and Salem owning 14 points each.

With the Dentists leading 1-0 going into the sixth inning, Salem came up with three runs to capture one game. Alomare was the winning pitcher with Lovejoy the loser. Each team collected six hits.

In the other game, the Dentists again took a 1-0 lead but Salem tied it in the fifth then scored three runs in the sixth and one in the seventh for the victory.

Salem collected seven hits off Howell while Cody the winning pitcher gave up five safeties. Duffy's triple pace the Dentists.

Caruso hurled a three-hit Riverview blanked Central Service. Caruso finished 11 batters and allowed one walk. Chambers had two hits for the winners while Doughty tripled for Central.

Wright Roars To Victory In Ladies Golf

LOUISVILLE, Ky. (AP) — Mickey Wright is going to Canada to make a television film. And the other members of the Ladies Professional Golf Association don't mind at all.

For the 31-year-old Texan practically left a shambles of the Blue Grass Invitational Golf Tournament, winning it by 10 strokes going away.

A one-under-par 71 Sunday gave Miss Wright a 216 total and \$1,500 top money. She was below par on all three rounds at the Hunting Creek Country Club course, highlighted by a four-under 68 on the second round.

The Blue Grass' second-place money of \$1,100 went to Sandra Haynie and defending champion Kathy Whitworth. They had 220s.

Miss Haynie's 69 was the best round of Sunday. She was five under after 16 holes but bogeyed the last two. Her scores by round were 76-75-69. Miss Whitworth had 76-70-74.

Miss Wright had five birdies Sunday. She, too, bogeyed the last two holes.

Louise Wilson, Louisville, a five-time Kentucky State champion, was low amateur with an 81 on the final round and a total of 240. Two strokes back was Brenda High, Glasgow, Ky. with an 81 Sunday.

Red Sox And Pirates Win HIHS Games

The Hammondville Red Sox and Irondale Pirates won games in the HIHS League Friday.

The Red Sox topped the Hammondville Yankees, 8-6, and the Pirates defeated the Irondale Indians, 5-1.

Richard Householder was the winning pitcher for the Red Sox and Mark Grafton suffered the loss for the Yankees.

Craig Beadnell slammed a home run to pace the Pirates as Doug Nicholson picked up the victory. Dennie Alford suffered the loss for the Indians.

Esquire Splits Pair In Slow Pitch Loop

Esquire Barbers split in two games over the weekend in the Slow Pitch League.

Esquire handed Dudes a 21-7 setback but dropped an 8-4 decision to Dawson - Hammond.

Rich Manning was the winning pitcher in Esquire's victory with Rogers and H. Adkins having three hits each.

Howard and Bowersock had two hits each in the loss to Dawson - Hammond. Soddors was the winning pitcher with Ketchum the loser.

Rodgers Captures Buick Open Title

By BERNIE KENNEDY

Associated Press Sports Writer
GRAND BLANC, Mich. (AP) — An unusually long putter and an unorthodox grip may have prompted a few snickers from the fans, but Phil Rodgers is \$20,000 richer and leading the PGA money list today because of it.

Rodgers shot four birdies and had only one bogey in two rounds Sunday as he took a two-stroke victory in the ninth annual \$100,000 Buick Open Golf Tournament.

Hi rounds were 70-73-71-70-284.

The check which matched the one he collected for winning the Doral Open earlier this year, upped his winnings to \$57,574.64. It would take a lot more than that to convince Rodgers to junk either the 39 1/2 inch putter or his pendulum swing.

"I think I might marry the putter," Rodgers said after his triumph. His 72-hole total of 284 was the highest winning score here since Bill Collins shot it in taking the 1962 tourney.

Rodgers' steady play—he finished with nine straight pars—proved the difference as third round leader Johnny Pott and Kermit Zarley were more erratic and settled for a tie for second place at 286.

It was the third second-place finish here for Pott.

Another stroke back were Fred Marti and Tony Lema. Lema charged into a first-place tie with Zarley during the final round but faltered in his quest for a third straight Buick Open title.

Rodgers, a portly 5-foot-8, 170-pounder, admitted he was tired after the double round but said the fact that he was in contention made him forget about the pains in his legs. Leg cramps forced him to withdraw from the Memphis Open a week ago.

"I'll say one thing for playing 36 holes in one day," Rodgers offered. "If you are going well, it helps you keep up your momentum."

The double round was made necessary after the first round was rained out Thursday.

Rodgers qualified for this week's U.S. Open in San Francisco in a sectional qualifier at a Detroit area course Tuesday.

"I shot 66-77 there. 'If I would have had to play one more round, I probably would have shot an 88,'" Rodgers quipped.

Rodgers, who shoves the handle of his putter against his stomach and spreads his hands apart before taking his stroke, had 12 birdies and eight bogeys in his four rounds.

Medics Top Chester As 3-Way Tie Exists

The Medics defeated the Chester Legion 11-2 as the National Division of the Little League wound up in a three-way tie for first place in the first half of the season.

Rick Aaron, with an assist from Frederick in the sixth inning, was the winning pitcher. Williams led the Medics with three hits and Daily had two safeties.

Steel Shows New Vitality

CLEVELAND (AP)—In spite of a drop in demand because of a fall off in auto production, the steel market is still displaying plenty of vitality, Steel Magazine said today.

The metal working weekly said orders have been on a high plateau for the last five or six weeks, "and even in the auto segment of the steel market, the demand picture has bright as well as dark spots."

"Some automotive stamping plants will take nearly as much steel this month as they took in May. Others will probably take 20 to 25 per cent less," Steel said.

Second-quarter shipment forecasts by three large steelmakers range from 24.5 million to 25.3 million tons, down slightly from 25.9 million tons in the like period of 1965.

Third-quarter forecasts indicate that the July - September period will be about the same as last year, with estimated shipments of between 22.4 and 23.9 million tons. Last year 23 million tons were moved.

Steel reported steel inventories held by manufacturers continued to dip and by the end of April were down 100,000 tons from 10.9 million tons at the end of March.

Finished steel stocks held by the mills amounted to 8.2 million tons against 8.3 million the month before, while steel in process totaled 9.1 million tons vs. 9.2 million a month earlier.

Steel's composite on No. 1 heavy melting scrap is holding at \$29.50 a ton, the magazine said.

Dos And Don'ts

Tips Given On Paint Rollers

By ANDY LANG
AP Newsfeatures

The application of paint has been made a lot easier since the introduction of the roller some 22 years ago.

But many persons still fail to realize the full potential of this painting tool by ignoring certain fundamentals connected with its use. Here are some Dos and Don'ts that will enable you to get a better result:

DO LOAD the roller by dipping it into the paint tray and then removing the excess by rolling it over the higher and drier surface of the tray.

Do roll back and forth on the surface in all directions with only the lightest of pressure, letting the roller do the work and moving slowly into trimmed edges to within a fraction of an inch of windows, doors and corner.

Do use an edging roller or a trim brush to paint the edges of the walls and ceiling before using the full size roller.

Do move from a dry area into one just painted, blending the laps slightly.

Do, after painting, squeeze excess paint from the roller with a roller - cleaning tool or by rolling repeatedly on old newspapers. Clean with soap and lukewarm water if the paint was latex or water-base. Clean with a roller cleaner, turpentine or mineral spirits if the paint was of the oil-type.

DON'T begin the rolling with a downward stroke. Roll upward with light, even strokes.

Don't roll too fast, which will cause dripping and spraying.

Don't spin the roller at the end of a stroke. The roller should be stopped completely before it is pulled away from the wall.

Don't keep loading the roller until the paint is completely gone from the tray. When the paint in the tray gets low, pour more into it.

There are other ways to apply paint besides the roller, the brush and the sprayer. A flat applicator, which comes with a lambskin or mohair pad, is especially good for applying water-thinned floor enamels over wide areas.

These applicators come with handles, usually four feet long, for easy application with minimum physical effort or bending.

Still another applicator is the paint mitt. Although it can be used on flat surfaces, it is more generally used for such things as pipes, tanks, gutters, downspouts, fences, flagpoles, metal furniture and various irregularly shaped objects.

The mitt is placed on the hand, dipped into the paint on one side, squeezed to get out the excess and then smoothed over the surface. It's easy to imagine how practical it is when painting something like a pipe, since the flexibility of your hand enables you to cover the rounded portions naturally.

Tips Are Given On Methods To Color Concrete

Question: Some time this summer I expect to build a concrete patio floor at the back of our house.

I have done a few concrete jobs in the past, although none as ambitious as this, so I don't expect to have more than the usual amount of trouble.

But there is one area in which I need advice. I want the patio floor to have some color in it. I know that it can be painted, but a neighbor of mine painted a concrete floor about 10 years ago, only to have it worn off by foot traffic in less than three months. Is there any other way I can color the concrete so that it will last at least a couple of years?

ANSWER: Since the time when your neighbor painted his patio floor, a lot of things have happened in the world of paint. One of them is the introduction of an exterior latex paint formulated for use on masonry. It has great resistance to alkali and retains its color far better than old - time masonry paints. Also, there is a latex deck paint which has the same virtues plus an added resistance to foot traffic. But if you would rather steer clear of paint, there are several other ways to color concrete.

One is with the use of a dry color that is mixed with the cement, sand and aggregate.

Another calls for using coloring only in a topping which is applied after the basic slab has been formed. And still another is a kind of dye that is applied to the finished surface and sinks into the pores of the concrete.

As you core apples or pears to bake, do not cut through the blossom end if the core cavity is to be stuffed with sugar and butter or similar ingredients.

Future Party Provides Lawn Work Incentive

By VIVIAN BROWN
AP Newsfeatures Writer

Teamwork is the answer to a family's summer of fun. Many people fail at chore organization because they don't provide incentive.

Sally wants her own flower garden or she refuses to weed at all. Junior doesn't want to mow the lawn or trim the hedge unless he can stick to one area. Well, why not? There are special rewards in seeing results.

One mother last year used a psychological approach early in the season to make individual effort pay off for the entire family. She suggested that each member of the family plan a party outdoors and gave each a date.

THE HOME became a fortress of beauty in no time. She gave the teen - agers the first crack at party giving - season openers as it were.

She then sat back and watched all the big tasks being done - hedge trimming, flower planting. Indoors got a workout too - windows, floors and walls glistened. "After all," she had reminded them, "where will your guests go if it begins to rain?"

Each party - giver will do his own sprucing up and perhaps produce an innovation.

She assigned the Fourth of July date to a 17-year-old daughter and was overwhelmed at the professional garden that bloomed in time for the party.

Red, white and blue flowers were planned. Some were started indoors in flats and some pots of nursery plants were added at the end when a few plants didn't quite make it.

Red included geraniums, snapdragons, petunias, salvia. White was the alyssum, petunias, baby's breath. For blue there was veratrum and painted daisies. These were used around the border of the lawn where guests sat at small tables. White alyssum and dwarf ageratum were alternated around the edge. Behind it was a border of red and white petunias and baby's breath. Tall snapdragons, salvia and geraniums were placed in the background.

ANOTHER family gave an early party date to a son, and they were rewarded with a lovely outdoor dance floor. It was his own idea.

He built it of plywood sheets with hinges so that it could be folded up into four sections and left in the garage until needed. He also put permanent outdoor spotlights in trees and rigged up a hi - fi speaker system for outdoor dancing.

The man of the household was so carried away by the sudden entertainment value of the backyard that he put an interesting low lighting system along the walk. Path lighting had been discussed for a long time, but it took this endeavor to spark enthusiasm.

It's a good idea to offer the man of the house an early party date if children are too young to work. A man putting on a shindig for his bowling or golf companions will surely put his brawn into the idea.

An entertaining lady will find out it's better to make this grand gesture than to nag all summer trying to get the place in shape.

A Unique 'Babysitter'

Indoor-Outdoor Play Site

It's a widely known fact that little folk are intrepid explorers, with a bump of curiosity at least equal to their bodily bulk.

Channeling and containing a child's instinct to explore and sample without discouraging his interest is a job every mother shares.

At play time, it becomes a greater problem. Moms need to do their work, too, and can't watch the junior members of the family every second that they're turned out to pasture.

THE ANSWER for many families is a built-in babysitter — an attractive but escape-proof fence. This works well in most situations. But, for a hillside home, one architect dreamed up an even better idea.

His answer was to design a rumpus room in the daylight basement, then extend it out-

doors with a wood deck at floor level. The deck rambles along the length of the house, connecting at the other end with a small but level fenced side yard.

The deck has a good railing which, though "climbable," so far hasn't proved a temptation to the family's several active youngsters.

The deck was a low-cost means of providing level play space on the hillside site. After building the post-and-beam framework (posts can be set on ready-made concrete footings), 2x3-inch fir deck boards were laid on edge. This produced decking of maximum strength and rigidity, especially suited to tricycles, ball-bouncing, and such.

Douglas fir lumber was used throughout construction and the deck boards were spaced an eighth-inch apart to allow rain runoff. For easy upkeep, the decking was allowed

to weather. The railing, however, was stained to match house trim.

THE INDOOR playroom was handled as sensibly. Realizing that toys need mainly bulk play space, the parents wisely left it in an unfinished state, sealing floor underlayment to provide a hard-wearing surface that later could be tiled or carpeted. Walls, too, were finished merely with wallboard and paint.

Future plans include paneling of re-sawn cedar to match the home's exterior and an abundance of storage built-ins. These will be installed as the children grow and their needs change.

Meanwhile, the playroom and deck make an excellent indoor-outdoor team that lets the children enjoy sun or shelter as needed — and in safety that permits minimum supervision by their mother.

Ideas Offered For 'Staining'

Question: I have used many different kinds of finishes on wood over the years, including varnish, shellac and lacquer, but it was always put on over the raw wood.

This time I would like to apply stain first. Is there some way of assuring an even shading, so that one part of the wood isn't darker than the rest?

Answer: Since there are many different kinds of stains on the market these days, including one which involves mixing colorants in a liquid base, it is important to follow the directions on the container you purchase rather than listen to anyone who might have used a different type of stain.

However, there is one principle that hasn't changed throughout the years, no matter what stain you are using. It is this: the longer the stain is left on the wood, the darker it will "take."

Thus, if you brush stain on a piece of wood, wait five seconds and wipe it off, you will get a much lighter shade than if you leave it on for a minute. And you will get an in-between color if the elapsed time is in the area of 30 seconds.

To get a consistency of color, test the stain on a piece of scrap wood of the same kind as the object to be stained.

When you have determined how long the stain must remain on the wood to get the proper shade, follow this time schedule when working on the project. It may be necessary to look at the second hand on your watch to do the timing precisely.

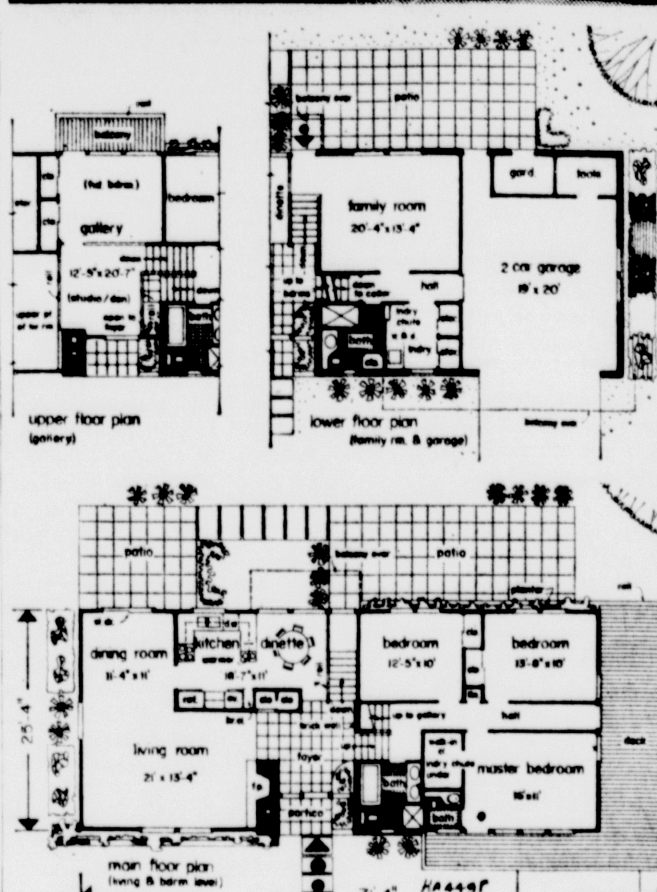

Be especially careful when working on a large surface, where it is better to do parts at a time rather than all the staining first and all the wiping second.

THE OPPOSITELY sloping rooflines of HA449P proclaim it as a split level, yet the composition is toward "unity of the whole." The basic area is 1,527 square feet, the liveable area, 2,300 square feet. Spacious kitchen and dinette overlook the rear garden. An ornamental rail separates the dinette from the open stairway to the family room. A full bath, spacious laundry room and two-car garage are on the lower level with the family room. Also of note here are the chute to the laundry room, two large storage closets and storage rooms in the back of the garage. Half a flight up from the foyer is the bedroom level which includes two full baths and a wrap-around outside deck. Half a flight up again is the gallery which could be left as a "play loft" or divided into two rooms. Architect is Samuel Paul, 89-30 161 St., Jamaica, N. Y.

2 Crewmen Injured In Train Derailment

DELAWARE, Ohio (AP) — Two trainmen were injured in the derailment of 12 cars of an 81-car Norfolk Western Railway freight Sunday night.

The last 12 cars of the empty train bound from Bellevue in northern Ohio to Columbus left the track here.

Railroad officials said the derailment was caused by a "kink" in the track. Injured were the train's con-

ductor Larry Clark, 49, of Columbus, and the flagman, Raymond Bahnke, 64, of Sandusky. Both were admitted to Jane Case Hospital here with undetermined injuries.

Bathrooms Get Bigger —And More Luxurious

By ANDY LANG

"I'd sure like to have a bathroom like that," the man said, as he stopped flipping the pages of an interior decorating magazine to show a lavish setup that any of the Caesars would have envied.

"The only trouble," he added, "is that everything else in my house would look kind of sick."

True or not, the fact is that the bathroom is getting bigger (as it used to be many years ago), more luxurious, more colorful and more likely to have one or more counterparts in the same house.

MARBLE, plastics, drapes and even wall-to-wall carpeting are some of the materials being utilized in the effort to give the bathroom a sumptuous look. White is almost disappearing as bright colors take over the shower doors and curtains, bathmats and fixtures.

Even more important, the bathroom's operating efficiency, which usually trailed other parts of the house, has been greatly improved.

One-piece water closets, that combine bowl and tank in a single fixture, are less noisy and easier to maintain. As we all know, the old-fashioned water tank, still in use in most homes throughout the country, needs constant attention to keep it operating properly.

A second bathroom is getting as important to some families as a second automobile.

But when space in another part of the house isn't available, or when locating it there might be impractical, compartmentizing the regular bathroom is becoming a part of some modernization plans.

This involves separating the water closet, the sink and the bathtub with permanent-type partitions, providing privacy when two or more persons wish to use the bathroom at the same time.

AS FOR bathtubs, they're getting lower and lower (some are even sunken) to make it easier to get in and out of them. Side seats and grab-bars are being installed for young children and the elderly.

And some of the shower controls are miniature computers. One of the newest sets the temperature to any desired reading and keeps it there no matter what pressure fluctuations might occur as a result of someone using water in another part of the house.

And if you're the kind that likes to linger in the bathroom, you can buy a special rack for holding all kinds of reading material.

For a welcome change when trying chicken, try dipping it into heavy cream before coating it with seasoned flour.

Spring and early summer usually mean inspection, cleaning and painting of window screens.

Probably one person out of every 500 knows that the proper way to paint screens is to apply the paint to only one side of the mesh. After that is done, the screen should be turned over and the other side painted with a dry brush.

The excess paint or enamel which has been applied to the first side, and which is more than enough to cover it, will be brushed over the other side and cover it thoroughly. This procedure is also a guarantee against closing up the mesh with too much paint.

Screens made with iron mesh and subject to rusting should be done with standard screen enamel.

In some areas, swarms of small gnats and flies which are minute enough to pass through the mesh of a screen fill the house and present a pest. An excellent cure for this is found in coating the mesh with heavy castor or linseed oil. This sticky application closes the pores quite a bit and at the same time presents an adhesive strong enough to catch the microscopic wing passing through.

Blaze Battled In California

SANTA BARBARA, Calif. (AP)—Fifteen hundred fire fighters were in virtual hand-to-hand combat today against a 20,000-acre brush and pine fire which threatened the bathing area of the nearly extinct California condors in Los Padres National Forest.

"It is strictly a hand-to-hand show," said U.S. Forest Service officer Ray Dalton. "There are steep bluffs, big canyons. The wind is coming from the east, which makes it dangerous."

Towering clouds of smoke cast an orange-tinted pall over the seaside resort town of Santa Barbara, about 35 miles to the south.

Five hundred expert Indian fire fighters arrived on the lines through the night, airlifted from Arizona and New Mexico. Other fire fighters moved in from all over California by bus and plane.

Eight aircraft, which dropped fire retardant solution on the blaze Sunday were to be pressed into service again.

Helicopters airlifted fire fighters into the inferno area which is nearly without roads.

A light plane crash touched off the blaze Saturday. So remote was the crash scene, the spreading fire was not visible from a Forest Service watchtower until Sunday morning.

Two airmen from nearby Vandenberg Air Force Base were killed and two injured in the crash of the single-engine plane.

Fleming Warns On Budget Delay In Pennsylvania

HARRISBURG (AP) — Sen. Robert D. Fleming, R-Allegheny, says that unless the General Assembly settles the budget battle soon, the state's four largest universities are going to be forced to borrow money at 6 per cent interest.

Fleming, chairman of the Senate Appropriations committee, said in an interview Saturday that House Democratic leaders

should be realistic about the situation and stop blocking what he termed vital money bills.

Appropriations for the institutions — Penn State, Temple, Penn and Pitt — have passed the Senate. However, they are being held up in the House because of a battle over Gov. Scranton's operating budget.

Watt Selected By Legion As District Head

Merle Watt of Denison was elected commander at the 10th District American Legion convention over the weekend at Wellsville.

Wellsville Post 70 served as host. Watt succeeds Walter McCoy of Lisbon.

James Cregar of Post 374 of East Liverpool was elected first vice commander and Floyd Swearingen of Massillon was named second vice commander.

The officers were elected during the business session Saturday night.

About 800 attended the two-day event. A total of 247 delegates and 200 alternates were registered.

Some 4,000 lined the streets for the parade Sunday afternoon. A past commanders' banquet was held Saturday night at the high school cafeteria. William Heacock, Ohio commander, was the guest speaker. Candidates for district offices also spoke.

Dances were held Friday and Saturday nights at Post 70 in conjunction with the convention. Post 70 will meet tonight at 8 for installation of officers. McCoy will be the installing officer.

New Charges To Face Man

Fined on a fraudulent check charge today in Municipal Court, a Chester man is wanted by Wellsville police on a similar charge and also is being held for FBI agents for the theft of a city man's auto more than two months ago.

Charles Edward Yeager Jr. of Carolina Ave. was fined \$50 and costs by Acting Judge Paul Tobin after pleading guilty to an affidavit signed by John F. Cooper, operator of Cooper's Amoco Service at E. 3rd and Washington Sts.

The affidavit alleged that Yeager issued a \$10 check drawn on the Wellsville branch of the Pottery Bank & Trust Co. on April 16 knowing that he had no account at the bank.

Police also have a warrant from the Wellsville department alleging that Yeager issued a fraudulent \$50 check to Mason's Foodliner on April 9. The affidavit was signed by Wellsville Patrolman Edwin James.

Police Capt. Robert H. Pyle said Yeager also admitted stealing the auto of John Anderson of Clark St. on April 1 from W. 7th and Jackson Sts.

Because he admitted driving the car between East Liverpool and Chester, FBI agents will be notified, Capt. Pyle said, explaining that interstate transportation of a stolen car is a federal offense.

Yeager had placed his own plates on Anderson's car, which was recovered Friday after police notified Chester Police Chief Audley Campbell to pick up the auto, Capt. Pyle said.

Beaver Local Seeks Applicants For Posts

There are openings in Beaver Local High School summer school driver training and Typing One classes which began today, Supt. Roy Cashdollar said.

It had been thought the enrollment for all courses was complete, but with the start of classes this morning, it was found a number of students did not attend as planned, and there are now openings.

Students wishing to enter may enroll at the start of Tuesday's classes.

4 Enter Applications In Exam For City Job

Four applications were filed for a test for maintenance man in the city water department, but only one applicant applied to take an examination for city patrolman, the Municipal Civil Service Commission said today.

Both tests are scheduled June 20 at 7:30 p. m. at Council chambers in City Hall. The deadline for filing applications was Saturday.

However, the police test probably will be canceled because, with only one applicant, it would not be a competitive examination as required by law.

If it is canceled, it will be the second straight time that only one applicant sought to take the test for the police post. The jobs pay \$400 a month for six months and then pay \$440.

The test originally was scheduled in mid-May but was postponed when only one application was received. The maintenance post in the water department pays \$2.44 an hour.

Vodrey Asks Another Name In Fire Vacancy

Safety - Service Director Robert E. Vodrey said today he has asked the Municipal Civil Service Commission for the name of another man on the fire department eligibility list after one of three men certified earlier failed to appear for an interview.

The director said Michael A. Walton, 140 Laurel Ln., didn't appear for the interview that is required before a decision is reached to fill a vacancy created by the retirement of John Bromby early last month.

Interviews already have been held with Robert E. Miller, 2117 St. Clair Ave., and Denzel E. Wilson, 931 St. Clair Ave., Vodrey said.

Lewis E. Hood, 2034 Ohio Ave., is the next man on the current eligibility list established by the Municipal Civil Service Commission following a test conducted April 11.

2 Autos, Motorcycle Damaged In Collision

A collision involving two autos and a 1966 motorcycle occurred Sunday evening on Route 30 near the B & R Bar about a mile west of the Pennsylvania line, the Hancock County sheriff's department reported.

James Carl Anderson, 36, of Aliquippa, heading east, applied the brakes on his 1962 auto, which slid sideways, striking an oncoming 1963 sedan driven by Helen Doyle, 51, of Campbell, Ohio, whose auto then struck the motorcycle, parked adjacent to the roadway, according to the report.

Neither motorist was injured in the accident, timed at 6:31. All three vehicles received moderate damage. The owner of the cycle was listed as Jack

Wesley Buckman, 24, of Akron. Anderson was charged with driving left of center.

\$75,000 Fire Hits Pittsburgh Firm

PITTSBURGH (AP) — A six-alarm fire raged through a warehouse on Pittsburgh's South Side Sunday, causing damage estimated at \$75,000.

The blaze in a warehouse of a waste materials company, fed by paper and rags, raged for some three hours before firemen could bring it under control.

Only the walls of the three-story brick building were left standing.

No injuries were reported. Deputy Fire Chief William Maurer, who estimated damage, said the cause was not learned immediately, but said the bomb and arson squad was investigating it.

Thick, black smoke could be seen for miles. The blaze attracted hundreds of spectators, snarling traffic in the area.

Hospital Reports Man In Sinatra Fray Improves

BEVERLY HILLS, Calif. (AP) — Frederick R. Weisman, wealthy, retired businessman injured during a cocktail lounge dispute involving singer Frank Sinatra, is showing marked improvement, say officials at Mt. Sinai Hospital.

"He is conscious and recognizes members of his family," said a hospital spokesman. "His condition still is serious but his progress is satisfactory."

Weisman, 54, former president of Hunt Foods, was knocked unconscious Wednesday in the Polo Lounge of the Beverly Hills Hotel.

Sinatra said Weisman punched him under the eye after accusing Sinatra and his party of making too much noise.

Sinatra said Weisman fell across a table and onto a floor. No one hit Weisman, the singer said.

Weisman underwent cranial surgery Thursday, a hospital spokesman said.

Junior Editors Quiz on TROPIC OF CANCER

QUESTION: The Tropic of Cancer is a line around the earth, but why is it called Cancer?

ANSWER: There are two imaginary lines around the earth—the Tropic of Cancer and the Tropic of Capricorn, which act as boundaries to that central part of the earth which we call the Tropics. Check the map above picture and you'll see that the Tropic of Cancer lies north and parallel to the line of the equator. That of Capricorn lies south of the equator. The distance of each line from the equator is 23 degrees and 27 minutes of latitude. The reason for the location of these lines is that the tropical region is the only part of the world where the sun, at times, shines down from directly overhead. At noon, about June 21, the sun shines down this way on the Tropic of Cancer line, which marks the northernmost point in which this may happen. In the same way the Tropic of Capricorn marks the southernmost point. When first measured, the line of Cancer was directly below the constellation of stars called Cancer (the Crab, upper right) which gave it its name. The Capricorn line lay under the constellation of Capricorn. The tropics are hot and humid; the black areas show where the forests are. Our main picture is of South American Indian boys practicing with blow guns in the romantic tropical forests of South America.

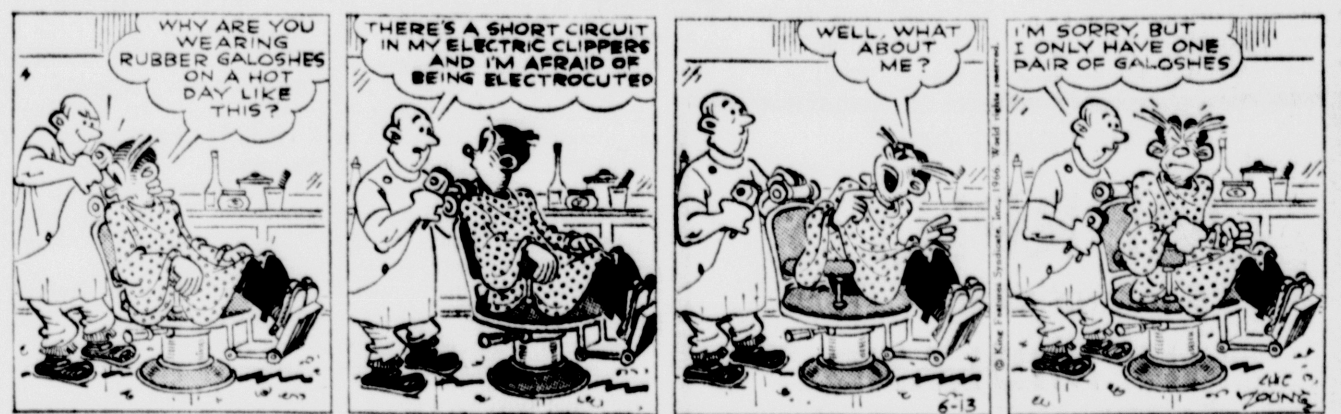

FOR YOU TO DO: There are two unusual animals in the picture: a sloth, and the little creature on the boy's shoulder, called a coati. Find out more about these two tropical animals.

Julie Godfrey of Rockhill, S. C., wins today's combined prize of Compton's Illustrated Science Dictionary plus \$10 cash for this question. Mail yours on a postcard to Junior Editors in care of The Review.

Today In History

By The Associated Press
Today is Monday, June 13, the 164th day of 1966. There are 201 days left in the year.
Today's highlight in history: On this date in 1933, Congress passed the National Industrial Recovery Act, which has as its main purpose a self-regulation of industry. Labor and consumer interests were to be represented in the formation of so-called industrial codes.
On this date
In 1502, Christopher Columbus discovered the Island of Martinique.
In 1862, the French defeated the Mexicans at Orizaba.
In 1940, Paris was declared an open city.
In 1945, President Harry Truman announced that U.S., Britain and Russia were to meet to draw up plans for a peace conference.
In 1946, a consistory in Rome voted to canonize Mother Frances Cabrini of Chicago. She was the first U.S. citizen to be named a saint of the Roman Catholic Church.
Ten years ago — The Labor party of Dutch Premier Willem Drees led the field in the parliamentary elections, increasing its majority in the lower chamber of Parliament by four.
Five years ago — Italian Premier Amintore Fanfani ended a two-day official visit to Washington during which he discussed with President Kennedy and other high U.S. officials some of the problems confronting NATO.

Ben Feldman Will Speak At Boston Event

Ben Feldman of St. Clair Ave., nationally-recognized insurance executive, will address the annual meeting of the "Million Dollar Roundtable" at the Statler-Hilton Hotel in Boston June 20-23.

His talk, "The Making of a Sale," will be given at the Monday morning session June 20.

Eighteen hundred of the world's top life insurance salesmen will participate in four days of panels, seminars, workshops and idea-exchange

sessions designed to improve their abilities to serve the insuring public.

Forty-eight speakers will address the group, including Massachusetts Gov. John A. Volpe, experts on psychic and physical fitness, Drs. Maxwell Maltz and Thomas Kirk Cureton and top executives of the American Bar Association, American Institute of Certified Public Accountants and the Trust Division of the American Banking Association.

Economists forecast that grocery store sales this year may total \$62.9 billion. This would be a 5.2 per cent gain over 1965.

State Will Paint Lines On 2 Area Highways

The State Highway Department's Division 11 office in New Philadelphia today warned motorists that traffic will be affected on two long stretches of East Liverpool highways Friday, June 24, when new center lines are being painted.

The work will cover State Route 7 from Steubenville to East Liverpool and U.S. Route 30 from East Liverpool to Lisbon, the department said. Motorists approaching the lining machines should drive with caution, it said. Both jobs will begin at 9 a.m.

Lining of other roadways in the Division 11 area will begin Monday and continue daily, the department said.

College Degrees Won By Midland Area Pair

Gabriel Modany Jr. of Smiths Ferry R.D. 1 and Miss Carol Yetso of Midland received degrees at Geneva College Commencement Tuesday at Beaver Falls.

Son of Mr. and Mrs. Gabriel Modany, he received a Bachelor of Arts degree and Bachelor of Science degree in business administration. A 1962 graduate of Midland High School, Modany plans to attend the University of Pittsburgh Law School.

Miss Yetso, daughter of Mrs. Stephen Yetso of 21 Elm St., received a Bachelor of Science degree.
